JAN 23 2003

ORDER OF RULEMAKING

SECRETARY OF STATE
ADMINISTRATIVE RULES

By the authority vested in the Missouri Public Service Commission under section 386.250, RSMo 2000, as currently supplemented, the commission adopts a rule as follows:

**4 CSR 240-3.215 Filing Requirements for Gas Utility
Applications for Authority to Merge or Consolidate is adopted.**

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on September 16, 2002 (27 MoReg 1600-1601). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The commission received written comments from one entity regarding this proposed rule. The comments focused on the use of the term "purchaser" in one section of the rule. The period for receiving written comments on this proposed rule ended on October 16, 2002. The commission held a public hearing on this proposed rule on October 25, 2002, but received no comments regarding the rule at that hearing.

COMMENTS: The entity that submitted comments regarding this proposed rule stated the opinion that it is inappropriate for the commission to use the term "purchaser" in this rule, since the rule pertains to utility mergers and consolidations and there is no "purchaser" in such situations.

RESPONSE: The commission notes that the use of the referenced term comes from an existing rule related to this topic, and that in the interest of not making changes that could be considered substantive when comparing the existing rule and this proposed rule, the term "purchaser" was used in the proposed rule. While the commission agrees with the gist of the comments, it continues to be concerned that any changes to the subject language in the proposed rule could be considered substantive. Based on the foregoing, the commission is not making any changes to the proposed rule at this time.

ORDER OF RULEMAKING

**SECRETARY OF STATE
ADMINISTRATIVE RULES**

By the authority vested in the Missouri Public Service Commission under section 386.250, RSMo 2000, as currently supplemented, the commission adopts a rule as follows:

4 CSR 240-3.235 Filing Requirements for Gas Utility General Rate Increase Requests is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on September 16, 2002 (27 MoReg 1602-1603). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The commission received written comments from one entity regarding this proposed rule. The comments focused on the title of the rule and a possible duplication of language in regard to another rule. The period for receiving written comments on this proposed rule ended on October 16, 2002. The commission held a public hearing on this proposed rule on October 25, 2002, but received no comments regarding the rule at that hearing.

COMMENTS: The entity that submitted comments regarding this proposed rule addressed two issues regarding the rule. First, the comments suggested that a better title for this rule could be found and/or that the requirements of this rule could be combined with the requirements of rule 3.030, which deals with the same general topic of filing requirements pertaining to general rate increases. The comments noted that the purpose section of this rule contains a cross-reference to rule 3.030, but that this is not believed sufficient. Second, the comments noted that there might be an unnecessary duplication of language in this rule and in rule 3.275.

RESPONSE: Regarding the title of this rule and the rule's relationship to rule 3.030, the commission notes that rule 3.030 contains filing requirements that apply to all regulated utilities and that this rule contains additional requirements that apply only to gas utilities. Accordingly, the Commission believes that the title of this rule is appropriate and that the combination of this rule and 3.030 would not be appropriate. The commission also notes that rule 3.030 contains a cross-reference to this rule and that there should thus not be any confusion as to what is required of a utility that is filing a general rate increase request. Additionally, the commission notes that the title of this rule was selected in anticipation of additional requirements being added to this rule at a later date through an additional rulemaking. Regarding the possible duplication of language in this rule and rule 3.275, the commission notes that while these two rules deal with similar subjects, they deal with different situations and thus the referenced language is necessary in both rules. Based on the above, no changes have been made to the proposed rule as a result of these comments.

ORDER OF RULEMAKING

**SECRETARY OF STATE
ADMINISTRATIVE RULES**

By the authority vested in the Missouri Public Service Commission under sections 386.250 and 393.140, RSMo 2000, as currently supplemented, the commission adopts a rule as follows:

4CSR 240-3.260 Filing Requirements for Gas Utility Rate Schedules is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on September 16, 2002 (27 MoReg 1606). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The commission received written comments from one entity regarding this proposed rule. The comments focused on an apparent typographical error in the rule. The period for receiving written comments on this proposed rule ended on October 16, 2002. The commission held a public hearing on this proposed rule on October 25, 2002, but received no comments regarding the rule at that hearing.

COMMENTS: The entity that submitted comments regarding this proposed rule pointed out an apparent typographical error in section (3) of the proposed rule, regarding the omission of an underscore at the end of the fifth sentence of this section.

RESPONSE AND EXPLANATION OF CHANGE: The commission agrees that the noted typographical error exists and is modifying section (3) of the proposed rule accordingly.

4CSR 240-3.260 Filing Requirements for Gas Utility Rate Schedules

(3) Rate schedules shall be drawn up substantially in accordance with Form No. 14 and shall be plainly printed or typewritten on good quality of paper of size eight and one-half inches by eleven inches (8 1/2" x 11") in book, sheet or pamphlet form. A loose-leaf plan may be used so changes can be made by reprinting and inserting a single leaf. When the loose-leaf plan is used, all sheets, except the title page sheet, must show in the marginal space at the top of the page the name of the gas corporation issuing, the PSC number of schedule and the number of the page. In the marginal space at the bottom of sheet should be shown--the date of issue, the effective date and the name, title and address of the officer by whom the schedule is issued. All schedules shall bear a number with the prefix PSC Mo _____. Schedules shall be numbered in consecutive serial order beginning with number 1 for each gas corporation. If a schedule or part of a schedule is cancelled, a new schedule or part thereof (sheet(s) if loose-leaf) will refer to the schedule canceled by its PSC number; thus: PSC Mo. No. _____ canceling PSC Mo. No. _____.

Summary of Changes for 3.270

The changes to this rule consist of modifying the title of the rule, modifying the purpose statement of the rule, reorganizing the rule in its entirety, which includes the deletion of one of the original sections in the rule, and correcting a typographical error in the last section of the rule. Specifically, the following changes have been made to this rule.

1. The title of the rule has been modified by changing the word "Filing" to "Submission".
2. The purpose statement has been modified to more accurately indicate that this is a "reference" rule rather than a rule that imposes any additional requirements.
3. The rule has been reorganized to more accurately reflect that this is a "reference" rule rather than a rule that imposes any additional requirements. This reorganization consists of splitting what was originally section (1) of the rule into two sections and taking what was originally sections (2) thru (10) and placing them into the new section (2) as paragraphs, except that the original section (4) has been deleted.
4. In what was originally section (10), and is now paragraph (2)(H), the term "yard line" has been changed to "yard lines".

NOTE: ALL changes MUST be specified here in order for those changes to be made in the rule as published in the *Missouri Register* and the *Code of State Regulations*.

ORDER OF RULEMAKING

**SECRETARY OF
ADMINISTRATIVE RULES**

By the authority vested in the Missouri Public Service Commission under section 386.250, RSMo 2000, as currently supplemented, the commission adopts a rule as follows:

**4 CSR 240-3.270 Filing Requirements Regarding Plans, Procedures and
Programs for Transportation of Natural Gas by Pipeline is adopted.**

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on September 16, 2002 (27 MoReg 1606-1607). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The commission received written comments from two entities regarding this proposed rule. The comments focused on the issue of whether this rule is a "reference" or "sign post" rule or whether it imposes requirements not currently found in the commission's rules. The period for receiving written comments on this proposed rule ended on October 16, 2002. The commission held a public hearing on this proposed rule on October 25, 2002, but received no comments regarding the rule at that hearing.

COMMENTS: The first entity that submitted comments on this proposed rule noted that the rule appears to be a "reference" rule that merely refers the reader to other rules. Accordingly, that entity also requested that the commission confirm that the language in this rule does not place independent obligations on gas corporations outside of the obligations contained in the rules to which reference is made.

RESPONSE AND EXPLANATION OF CHANGE: The commission confirms that this proposed rule is a "reference" rule that is only intended to refer the reader to other rules, and confirms that this rule does not place independent obligations on gas corporations outside of the obligations contained in the rules to which reference is made. Additionally, the commission is making changes to the proposed rule to clarify its intent.

COMMENTS: The second entity that submitted comments regarding this proposed rule submitted comments that are best summarized in several parts as follows. (1) The comments note that it is not clear whether the commission intended to make substantive changes in this proposed rule, and that there is nothing in the Purpose section of the rule to indicate that new requirements are being imposed. (2) The comments note that a concern about the proposed rule comes from the use of the phrase "must be submitted to commission personnel" in several sections of the rule, which is considered to be a new and vague provision. The comments further state that the definition of the term "designated commission personnel" found in 3.200(9) is a new definition. (3) The comments note that the proposed rule does not state when any of the required submissions must be made, only that it requires them to be made. (4) The comments note that the proposed rule was apparently intended as a "signpost" for several requirements in another existing rule, 4 CSR-240-40.030. (5) Regarding the comments summarized in items (1) thru (4) above, the comments suggest that the commission change the proposed rule to include a reference where a reader of the rules should go to find the actual submission requirements, as has been done in other instances in other proposed rules. (6) Lastly, the comments note an apparent typographical error in section (10) of the proposed rule, in that the term "yard line" should be "yard lines".

RESPONSE AND EXPLANATION OF CHANGE: The commission's response to the above comments will be offered for each group of comments set out above. (1) In response to these comments, the commission notes that there was no intention to make substantive changes to existing requirements by promulgating this rule, and affirmatively states that no new requirements will be imposed by this rule going into effect. (2) In response to these comments, the commission notes that the phrase "must be submitted to commission personnel" is a phrase that is currently used in commission rules pertaining to the subject matter of the proposed rule. Additionally, the commission notes that the term "designated commission personnel" is a term that is already defined in commission rules pertaining to the subject matter of the proposed rule. Specifically, the subject phrase and term are used/included in certain sections of 4 CSR 240-40.030. (3) The commission acknowledges that the proposed rule does not contain any specific information regarding when the required submissions must be made, but notes that the timing of the submissions is contained in the rules referenced in the general section of the proposed rule. (4) The commission notes that the proposed rule is intended as a "signpost" to various requirements in 4 CSR 240-40.030. The commission further notes that it believes it is appropriate to include such

a signpost in this rule, in that its intent in developing Chapter 3 is to include in Chapter 3 at least a reference to all filing and submission requirements contained in other commission rules. (5) The commission agrees that certain changes to the proposed rule would help clarify where a reader should go to find the actual submission requirements that are the subject of the proposed rule. (6) The commission notes that the comments submitted are accurate and will correct the referenced typographical error. Based on the foregoing, the commission is modifying the title of and purpose statement for the proposed rule and reorganizing the rule to clarify its "signpost" intent, and is also correcting the noted typographical error.

4 CSR 240-3.270 Submission Requirements Regarding Plans, Procedures and Programs for the Transportation of Natural Gas by Pipeline

PURPOSE: This rule sets forth the plans, procedures and programs related to the transportation of natural gas by pipelines, which are to be submitted to designated commission personnel under various provisions of 4 CSR 240-40.

ORDER OF RULEMAKING

SECRETARY OF STATE
ADMINISTRATIVE RULES

By the authority vested in the Missouri Public Service Commission under section 386.250, RSMo 2000, as currently supplemented, the commission adopts a rule as follows:

4 CSR 240-3.300 Definitions Pertaining Specifically to Sewer Utility Rules is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on September 16, 2002 (27 MoReg 1610). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The commission received written comments from one entity regarding this proposed rule. The comments focused on whether additional definitions need to be included in this rule. The period for receiving written comments on this proposed rule ended on October 16, 2002. The commission held a public hearing on this proposed rule on October 25, 2002, but received no comments regarding the rule at that hearing.

COMMENTS: The entity that submitted comments regarding this proposed rule noted that certain definitions pertaining to sewer utilities, which are found in Commission rule 60.010(3), are not included in this rule or in rule 3.010 (the general definition rule for Chapter 3 that is referenced in this rule) and suggested that such definitions should at least be referenced in this rule.

RESPONSE AND EXPLANATION OF CHANGE: The commission acknowledges that certain definitions contained in 4 CSR 240-60.010(3) are not duplicated in this rule or in rule 3.010, but notes that only one of those definitions is used in the Chapter 3 rules (the definition of sewage). As a result, it is not necessary to reference rule 60.010(3) in its entirety, but it is necessary to add the missing definition. Based on the above, the Commission is modifying the proposed rule by adding the definition of "sewage" found in rule 60.010(3) to this rule and renumbering the sections of this rule accordingly.

4 CSR 240-3.300 Definitions Pertaining Specifically to Sewer Utility Rules

(1) Outlet means a service sewer connection to the collecting sewer.

(2) Sewage means ground garbage, human and animal excretions and all other liquid waste normally disposed of by a residential, commercial or industrial establishment, through the sanitary sewer system.

(3) Sewer service means the removal and treatment of sewage.

(4) Sewer system includes all pipes, pumps, canals, lagoons, plants, structures and appliances and all other real estate, fixtures and personal property, owned, operated, controlled or managed in connection with or to facilitate the collection, carriage, treatment and disposal of sewage for municipal, domestic or other beneficial or necessary purpose.

ORDER OF RULEMAKING

SECRETARY OF STATE
ADMINISTRATIVE RULES

By the authority vested in the Missouri Public Service Commission under section 386.250, RSMo 2000, as currently supplemented, the commission adopts a rule as follows:

**4 CSR 240-3.315 Filing Requirements for Sewer Utility
Applications for Authority to Merge or Consolidate is adopted.**

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on September 16, 2002 (27 MoReg 1611-1612). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The commission received written comments from one entity regarding this proposed rule. The comments focused on the use of the term "purchaser" in one section of the rule. The period for receiving written comments on this proposed rule ended on October 16, 2002. The commission held a public hearing on this proposed rule on October 25, 2002, but received no comments regarding the rule at that hearing.

COMMENTS: The entity that submitted comments regarding this proposed rule stated the opinion that it is inappropriate for the Commission to use the term "purchaser" in this rule, since the rule pertains to utility mergers and consolidations and there is no "purchaser" in such situations.

RESPONSE: The commission notes that the use of the referenced term comes from an existing rule related to this topic, and that in the interest of not making changes that could be considered substantive when comparing the existing rule and this proposed rule, the term "purchaser" was used in the proposed rule. While the commission agrees with the gist of the comments, it continues to be concerned that any changes to the subject language in the proposed rule could be considered substantive. Based on the foregoing, the commission is not making any changes to the proposed rule at this time.
