

EC-2023-0395

Brett Felber

Vs

Ameren Missouri

To whom this may concern. Unfortunately I have no further engaging in this matter with the Public Service Commission, as I have filed legal suit against the Missouri Public Service Commission and Ameren Missouri both.

In addition, I have added the Commission as a Complaint party with the Attorney General's Office with Ameren Missouri.

The Missouri Public Service Commission and Ameren can respond to the three different strategic lawsuits that they will be served and I will proceed accordingly with my legal counsel seeking that Ameren Missouri and the Commission are held responsible for an illegal disconnection of services and penalized and ordered to repay and reimburse for all lost monies, but seeking that Ameren Missouri is prosecuted to the highest extent of the law.

Under advisement of my counsel, I will not be attending a evidentiary hearing on this matter, as it is clear based off last weeks hearing, that the PSC has already made up their mind. Plus I believe based off the strategic lawsuit's that have been filed, that services will be ordered to be restored much sooner than the October 6, 2023 date.
