Notice:

The new rate plan you are mandating for Evergy is an infringement on my rights and unfair to say the least, it is down right crooked ! There are many people that this will affect and not in a positive way, whether they be night time workers or day time workers.

Most schools are out for the day between 3:00pm and 3:30pm and many families will be preparing dinner during the 4:00pm to 8:00pm timeframe so they can attend after school events. It appears this decision was not well thought out and will have an extremely negative impact on many, hopefully that is not what you want.

You are tasked with overseeing utilities and seeing that citizens/customers are receiving reliable affordable power and this mandate does not fit those responsibilities ! I urge you strongly to please reconsider your decision !

Thank You,

Concerned Customer
