**RE: Tariff Schedule to Adjust Renewable Energy Standard Rate Adjustment Mechanism rate of Evergy Missouri West, Inc. d/b/a Evergy Missouri West**

Dear Ms. Dippell :

Pursuant to 20 CSR 4240-20.100 of the regulations of the Missouri Public Service Commission (“Commission”), Evergy Missouri West or the “Company”, hereby submits a proposed rate schedule to adjust charges related to the Company’s approved Renewable Energy Standard Rate Adjustment Mechanism (“RESRAM”). The proposed rate schedule bears an issue date of September 29, 2023 and an effective date of December 1, 2023.

Retail customer revenues, as determined in general rate case, Case No. ER-2022-0130 which was approved in the Amended Commission Order issued on December 8, 2022, is \$750,036,250 therefore, the RESRAM cost recovery is capped at an annual allowable RESRAM revenue requirement of \$7,500,363. This amount represents 1% of the electric retail customer revenues. The resulting proposed RESRAM rate applicable to customers’ bills for the period of December 1, 2023 through November 30, 2024 is \$0.00092 per kWh and was calculated as follows:

Retail Customer Revenues (ER-2022-0130)	\$750,036,250
1% limit as stated in 20 CSR 4240-20.100(6)	<u>1%</u>
Allowable RESRAM Revenue Requirement	\$ 7,500,363
Projected Energy (kWh) 8,161,410,268	
<b>RESRAM per kWh rate</b>	<b>\$ 0.00092</b>

This proposed RESRAM rate of \$0.00092 per kWh is an increase of \$0.04 per month for customers using 1,000 kWh per month. The increase in the RESRAM rate is driven by a change in the allowable RESRAM revenue requirement from our most recent rate case. The Company has removed the kWh projections related to the Special Rate for Incremental Load Service

(Schedule SIL, Sheet No. 157) from the Projected Energy. The total RESRAM expense balance at August 31, 2023 is \$11,854,577.

Concurrently, documentation containing information required by 20 CSR 4240-20.100(6)(12) consisting of a RESRAM revenue reconciliation as well as workpapers that support the proposed rate schedule have been provided.
