RE: Certification of Support for Rural and Non-Rural High-Cost Carriers Pursuant to 47
C.F.R. Section 54.314, WC Docket No. 14-58

Dear Secretary Dortch and Mr. Gaither:

Pursuant to the requirements of 47 C.F.R. §54.314, the Illinois Commerce Commission (ICC) hereby certifies to the Federal Communications Commission and the Universal Service Administrative Company that: (1) the telecommunications carriers identified in the attached list of certified carriers are eligible to receive federal high-cost support for the program years cited; and that (2) all federal high-cost support provided to eligible telecommunications carriers in this state was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with section 254 (e) of the Communications Act of 1934, as amended.

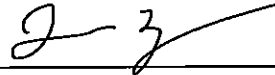

As noted, attached is a list of carriers certified by the ICC pursuant to section 54.314 of the FCC's rules (47 C.F.R. §54.314), which requires states to establish an annual certification process for eligible telecommunications carriers receiving federal high-cost support. As requested by the Universal Service Administrative Company, listed beside each carrier is its assigned study area code

(SAC). In order to meet the certification requirement, the ICC requires carriers to sign and return a notarized affidavit attesting to the proper use of the federal universal service support. A representative corporate officer of each carrier signed and returned an affidavit of compliance.
