## TABLE OF CONTENTS

INTRODUCTION .....	1
FACTS AND PROCEDURAL HISTORY .....	2
ARGUMENT .....	7
I.    The Commission should deny the Request of the Joint Applicants for Gateway to acquire all of the stock of UPL, and consequently, acquire ownership of the Missouri regulated intrastate pipelines, MPC and MGC, because approving this Application would be detrimental to the public interest .....	7
II.   There is a strong possibility that the Missouri Commission could lose jurisdiction over MPC and MGC as a result of this transaction, and if the Commission lost jurisdiction and conditions imposed on this transaction to mitigate the detriment to the public interest would be subject to challenge .....	27
III.  The condition that the Commission placed on UtiliCorp when it acquired these properties (MPC and MGC), that UtiliCorp would not connect the intrastate pipelines to the interstate Trans Mississippi Pipeline, should continue to apply to Gateway should if the Commission approves this transaction, unless the Commission waives the restriction after an application has been filed requesting that the restriction be removed .....	38
IV.  CONCLUSION .....	44
