THE COURT: Today's date is September 21, 2023 and the current time is 2:00 p.m. This hearing is being - - well, this pre hearing conference is being conducted via WebEx. The commission has set aside this time today for a pre hearing conference on the case captioned as Brett Felber Complainant versus Union Electric Company, doing business as Ameren, Missouri Respondent. And that is file number EC-2023-0395. My name is John Clark. I'm the regulatory law judge presiding over this matter today. We're going to begin by asking the parties to enter their appearance for the record. Mr. Felber, you're here and you're representing yourself; correct?

MR. FELBER: Yes, Your Honor.

THE COURT: On behalf of the commission staff?

MR. KEEVIL: Yes, Judge, representing the commission staff, Jeff Keevil. 200 Madison Street Jefferson City, Missouri 65101.

THE COURT: Thank you, Mr. Keevil. On behalf of

Ameren Missouri? I believe you're still muted, Mr. Banks.

MR BANKS: Eric Kendall Banks, Banks Law, LLC. 1824 Chouteau Avenue in St. Louis, Missouri 63103.

THE COURT: Thank you, Mr. Banks.

MS. GRUBBS: And this is Jermaine Grubbs on behalf of

Ameren Missouri. My business address is 1901 Chouteau Avenue, St. Louis, Missouri 63103. Thank you.

THE COURT: Thank you, Ms. Grubbs. While I don't see anyone here, for the sake of the record, I'm going to ask is there anyone here from the Office of the Public Council? I hear nothing. Anyone I've missed? No. Okay. this procedural conference after a series of filings by Mr. Felber. And since we are now 15 days out from the hearing in this case, I wanted to - - to address some of his more recent pleadings. In regards to Mr. Felber's current pleadings beyond the numerous requests for restoration of services, there is a summary disposition motion, which Ameren has filed a response to. Any ruling on that motion will be contained in the commission's report and order for this case. The other two motions I have from Mr. Felber are a motion to compel and a motion to quash portions of staff report. And it's unclear as to that. Now, it is difficult, Mr. Felber, to ascertain your motion to compel because at one point, in one of your pleadings, you state, "I no longer need to compel any DRs from Ameren." So I do not know, at this point, what it is you wish to compel. Would you please explain it to me.

MR. FELBER: So, pretty much, that was to go ahead - - shoot, sorry. That was pretty much sent to - - we had agreed, at the last hearing, that he was going to give me

September 21, 2023

1	Information regarding the subcontractor. Now, nothing with
2	the property damage was even mentioned. And I wanted
3	information off of that. I wanted information that they
4	were going to give that they can even though they're a
5	business, they don't have the right to utilize private
6	property or premises without authority from the other
7	authority. That field's owned by the Hazelwood School
8	District. So they would have had to obtain consent from
9	the district to utilize that private property. On top of
10	that, then, after that, if they thought it was a fraudulent
11	matter, when it came into a government agency sort is,
12	you know, when you can when somebody says you're
13	committing fraud, or anything of that, usually, it involves
14	the police or somebody of that nature. This was a way for
15	them to cover up themselves and cover up their track of
16	stuff. I already know the answer to it, because I've
17	already talked to the school district about it. They
18	haven't he doesn't want to give it. It's funny because
19	he wants to compel his stuff. He wants his stuff. But God
20	forbid if I want my something to be compelled. I don't get
21	it. I get a tirade on it. And yeah, I've I've led
22	tirades, and I haven't done it. Or, you know, but I've sat
23	through and did it. Just like, you know, in his response
24	of objections and everything, still talking about, you
25	know, you don't want me to talk about the past, but he's

1	allowed to bring up the past. So you know what I did? I
2	brought up the past. And I sent an email that my counsel
3	found on my server that shows that I sent Terri Engelbrecht
4	and Mr. Grubbs. I've I've been in contact with
5	these two for years. We've had multiple things on this
6	account, that have been multiple issues that have resulted
7	in my favor. But I just want that information. I just
8	want a yes or no out of them. That's really all I want. I
9	don't want him to sit there and say, I mean, okay. The
10	the utilization doesn't allow a subcontractor to not
11	legally be licensed. If he's a subcontractor and he's
12	driving his own vehicle out to the premises, as far as off
13	of it, not only is he's breaking state laws, but is he
14	licensed? How is he be is if s if something
15	has to happen, such as we have the property damage, who do
16	I sue? Do I sue Ameren or do I sue the subcontractor? Who
17	do I go on from there? Those are bu those are things
18	that are needed. So those are parts that I'm picking apart
19	from them to show that there was really no reason for them
20	to even be there. There was nothing. It was a vendetta to
21	go ahead and do things, such as same as in his exhibits
22	that he submitted to me. There's parts of his exhibit
23	that, for example, the payment on his exhibits that he
24	said, oh, well, we're not denying anybody. But then it
25	says right there, they're forcing anybody who's on there,

to pay \$4,000. So if my parents were called to say, you
know, we own the property today, and services need to be
restored, you're going to try to utilize that out of there,
based off your report. Even your report says, right there
in your exhibits 4,600, but then your your things to
the Attorney General, their story's not adding up. All I
want is a I'm more or less upset about everything
because it's not fair. It's not fair one bit. Here they
are, they're able to do this, this, this, this. I'm
forced to do this. But then after that, they don't have to
do any of it.

Well, I - - I can see your conundrum, and THE COURT: in a large regard. But I've also had an opportunity to read a number of your data requests, and a number of your data requests or requests for admissions. And they're problematic in the way that they're written, in that they start out with such things - - and this is just - - this is an example. "Please admit that, while illegally disconnecting my service, you trespassed on my property, or you had a subcontractor damage my property." They're - you're never going to get an answer to that kind of question, because nobody is going to agree with the first half. They cannot agree that they've illegally disconnected you. And so, by starting with that premise, rather than more narrowly tailing - - tailoring it - - when

1	we were here last time, I said to you, that you could ask
2	whether or not they had a subcontractor in your
3	neighborhood, on a particular day, in reference to services
4	being provided or not provided that your property. I
5	believe that would be a narrow tailoring of it. That is
6	what I I believe I allowed you to ask. So I think a
7	lot of yours go beyond that. Additionally, and I feel like
8	I have to step back and do this a lot. Certainly, Mr.
9	Banks has pointed out, the Commission is a body of limited
10	jurisdiction. And what that means is, we can only
11	determine those things that we're allowed to determine. In
12	other words, I can't, you know, the Commission cannot award
13	you damages. That's not something the Commission can do.
14	Other things the Commission cannot do, the Commission
15	cannot rule on the validity of a breach of contract claim.
16	However, I do agree that whether or not there was in fact
17	an agreement is an issue in this case. I've made some
18	notes. Let me see if I can get to those. You had, in one
19	of your here's here's what I see as currently being
20	the issues before the Commission. This is what I see as
21	that's what the Commission has jurisdiction over, if
22	you actually look at the statute, and I've mentioned this
23	before, is whether or not Ameren Missouri has violated a
24	Commission order, a Commission rule, a a tariff that
25	they have in effect, or a law that would be subject to the

Page 10 1 Commission's interpretation. That's a fairly narrow band 2 along which we're looking at. So the questions that I had 3 made notes, whether or not you had a disputed amount. is a question that is before the Commission. Anything 4 5 surrounding the actual disconnection itself, whether or not 6 you received required notice, whether or not you applied 7 appropriately for a medical waiver, the agreement that I 8 mentioned earlier, whether or not you are a resident of the 9 subject property to which power was disconnected, because 10 that seems to be a matter of question, and finally, your 11 bankruptcy. You had indicated that certain matters were 12 discharged in that. Additionally, you had indicated 13 property damage. And while, in a - - in a sprinkly, civil 14 liability award sets, the Commission has no jurisdiction 15 over that, there is a possibility that it may infringe on 16 some Commission reward tariff, but I don't know. So I put 17 that down as a possible issue. What is it, at this point? 18 Because if you're - - if you're if you're wanting to make 19 claims that they have broken a state law, and the 20 Commission doesn't have jurisdiction over that state law, 21 then that's not something that the Commission is going to 22 rule on. If you are saying that they had to get the 23 permission of a school district before they were near or 24 around your property, that is not an issue over which the

Commission would have jurisdiction. So I think part of the

do that - - ghosted. I get ghosted on stuff. He brought up something else a long time ago, about another thing - another case that didn't even pertain to mine, but then I thought about bringing my thing in from last year, dealt with Mrs. Engelbrecht for a long time. And every single thing winds up, 100%, whether it's with Ms. Grubbs or anything, where does - - where's the budging at? doesn't want to be - - the reason he doesn't want to have a conference with the head honcho with (inaudible), because they know they're on the wrong. But where's my repercussion at? I have to continuously wait. Oh, hey, Brett. Give us \$4,000 and we'll restore your services

2	There's no common ground. They want to extort me out of

4	bill. My July bill is being from this year, prime
5	example. If I can point out, I'm being charged winter
6	usage in the summer time, how does that physically possibly
7	happen? And they don't they don't take it on. It
8	shouldn't take a ruling to take something off like that.
9	It's unethical. As a business owner, it's deceptive. It's
LO	deceiving. And it's fraud. I mean, it's some here's
L1	the response back to the AG. Oh, this is what we did. We
L2	we found what the error was, but you don't show
L3	anything. You don't show anything. You have an exhibit
L4	list that contradicts everything that they wrote. Oh,
L5	well, we (inaudible) \$4,000. But on your exhibit list, it

L9	it's not a common ground. You're the only electric

THE COURT: Well, you said an awful lot there. And let's back up, kind of, to the very front of what you said. And you say things and you write things as though they are facts - -

MR. FELBER: They are.

THE COURT: - - that are really, to a large degree, your opinion. And what - - an example of that, that you just did, was you said, "They ghosted me, they wouldn't talk to me because they knew they were in the wrong." That is an assumption on your part. They may have had other reasons that they did not want to engage with you over They may be cognizant that there is a hearing coming this. up in 17 days and they will be able to present their case and you will be able to present yours. And they are far enough down this road that they may not want to go in another direction. They declined mediation earlier, indicating that's not something - - what they wanted to do. So they may not want to negotiate with you now. That's not an admission by them that they are - - have done anything wrong. So that is an example of something you've assumed.

1	MR. FELBER: Just like Gmail, just, you know, email
2	addresses and everything, Your Honor. I mean, come on.
3	THE COURT: We're we're going to talk about
4	specific evidence here in a little bit. Let's talk about
5	your two motions. So let's start with your motion to
6	compel. What, at this point, are you seeking?
7	MR. FELBER: At this point, nothing. I mean, I'm not
8	going to be able to be admitted nothing. If they want
9	\$4,000, I'll dig it out.
10	THE COURT: I didn't say that nothing would be
11	admitted. I did not say. I just wanted to know what the
12	other
13	MR. FELBER: I I got my two children that are
14	listening to the whole same thing. And even my kids can
15	point out the the frivolousness of this whole thing
16	the frivolousness of the whole thing. What's the point in
17	having a hearing, if you're going to go give no wonder
18	why they continue to and what they're doing. Because
19	nobody takes it. Shoot.
20	THE COURT: Okay, I'm going to write it down that you
21	have indicated you do not need any other DRs compelled at
22	this point, because
23	MR. FELBER: I just want my services turned on.
24	That's all I want. That's what I want. I've shown facts

and proof that they need to get out here and restore my

- services. And if they're not ready to do it, I'm calling
 the county. I'm done with this crap with you guys. This
 is ridiculous. Ridiculous, 100%. I have never ever, in my
 life, had this.
 - THE COURT: You have a motion to quash staffs report, and in particular, you would indicated Exhibit -
 - MR. FELBER: It's not fair to me.

6

7

8

- THE COURT: Would you explain to me why you believe staff's report should be quashed?
- 10 MR. FELBER: Why should it be quashed? They don't 11 admit - - well, it's frivolous, too. They're sitting there 12 saying well, we can't authenticate T-mobile's call logs. 13 Oh, and then we're going to get a piece of paper - - I love 14 it - - a piece of paper that says how SendGrid - - but I 15 can send you how SendGrid codes everything. They forgot to 16 put their email address in the coding. They forgot to put 17 - - oh, and I love how they say payment agreement. Payment 18 agreement on it. And Ameren says payment pending payment 19 agreement. There's nothing in there. It's coded in there 20 a different way. They don't have a software engineer 21 working on it.
- 22 THE COURT: Well, that's because -
- MR. FELBER: Those reports should be removed because
 the staff did not investigate anything on the matter. This
 has been a clear conscience pass for Ameren, Missouri.

Nothing in there should be - - my - -my call logs were

2	dismissed. Ameren doesn't have to submit a call log,
3	because they can deny it. It's a fact. You think T Mobile
4	just says okay, you called this day, that day. Cellular
5	records are more accurate than landline records or message
6	broadcast systems, because they accurately pinpoint the GPS
7	coordination of everything. But Ameren works in the whole
8	I have 26 years in the industry and Ameren seemed to
9	find it out in one day. Yep, and the PSC decided to figure
10	it out. They're the staff figured it out because T-
11	Mobile showing my account line number from the first
12	through what's-it-called day. Oh, there's inconsistencies
13	here. There's nothing inconsistent. It shows Ameren
14	didn't follow the protocol. It should all be it should
15	all be quashed, the whole thing. If it's inaccurate
16	THE COURT: Mr. Keevil, any response to the motion to
17	quash?
18	MR. KEEVIL: Yeah, just the motion to quash, when you
19	when you read it, and even what Mr. Felber just said,
20	relates to Ameren activities, not not Staff's
21	activities. What Staff's done and what Staff did in its
22	report was present some of the information we obtained from
23	Ameren, as well as some of the information obtained from
24	Mr. Felber and the attempts to attempts to draw a
25	conclusion based on that but was unable to some to a final

1	conclusion because they're both so diametrically opposed to
2	one another. And pointing that out in the report and to
3	the Commission (inaudible) the Commission as the arbiter of
4	the facts in the law here. And because of that,
5	(inaudible). So what Staff has presented is evidence
6	obtained from from both sides. What Mr. Felber is
7	referring to is one thing that he's filed to quash was
8	something obtained from Ameren. The Commission, I mean,
9	the whole point of a hearing, is to hear the evidence from
LO	both sides. And then for the Commission to determine, you
L1	know, who's right. And that's what Staff's report
L2	presents. You know, that's how we presented it. If you
L3	read the report, it's clear that what Mr. Felber was
L4	referring to is, I believe, a document obtained from
L5	Ameren. It's not something that Staff just created
L6	(inaudible). And both evidence from both sides needs
L7	to be heard by the Commission. And that's what the report
L8	does, it presents evidence for both sides. That Mr. Felber
L9	doesn't agree with Ameren's evidence, I understand that.
20	And the extent for you arguing to the Commission
21	(inaudible) Ameren's evidence is not accurate. But as far
22	as quashing it, first of all, it's like I said, it's
23	really Ameren's document rather than Staff's. Because he's
24	referring to an attachment, not to the actual report. It
25	was from Ameren originally, and it was obtained by Staff, I

- believe, in response to a data request. And simply no no need or reason to quash it. It is what it is. So maybe
 the fact that you disagree, I understand. But that doesn't
 make it not something we obtained from the - from one of
 the parties in the case. And it addresses matters in the
- 7 Okay. Thank you, Mr. Keevil. I'm going THE COURT: 8 to take that under advisement for now. But as of right 9 now, I'm not quashing anything. I want to move on now, to 10 see - - where am I? Is there - - well, I'll get to that in 11 Let's - - before we move on to - - well, I a second. 12 quess it's part of newly introduced evidence. Mr. Banks, 13 you indicated that Mr. Felber is seeking to introduce three 14 pieces of evidence beyond discovery cut off time; is that 15 correct?
- 16 MR. BANKS: Yes, Your Honor.

case.

- 17 THE COURT: I believe those are two items from EFIS
 18 filing 139 and one - one from EFIS number 153; is that
 19 correct?
- 20 MR. BANKS: Yes, Your Honor.
- THE COURT: Let's talk about those. I think I've got

 - let me pull those up. And Mr. Felber, I'll have some

 questions for you about these, too. So let's go to 139.

 Let's start with the Ameren disconnect notice. And that is

 the one with the W.

MR. FELBER: Yeah, so I think they're marked (inaudible).

And your - - along with other water markings included, usually water markings are invisible. However, I've decided to include - - include them in their original source. I don't know what that means. Would you please explain that to me?

MR. FELBER: Water markings can be invisible or they can be un invisible. It's all how they're prescribed. Invisible, makes it usually, like, let's say somebody goes into an email, or into a document - - let's say a picture, for example. Let's say you have pictures taken, for example, they're invisible. However, then, if you try to produce the document, it will show up in the backing of (inaudible). And it will show the trademark of that company. So that way, you can't go in there and do that. You can do invisible or un invisible. I've done them before. I use contracts all the time, and I have it to where it's set up either invisible or visible. I do, two -- I - - I throw out about 300 contracts a day for businesses, small businesses, government agencies, and everything. And I've never once had a problem with it, ever.

THE COURT: I - - I just want to know where the W came from. Did you put that on - -

I use it for the water marking? W - -MR. FELBER:

THE COURT: Who - - was that - - was that an existing

watermark for Ameren? Or is that a watermark you added?

That is a watermark and I added. MR. FELBER: wasn't anything - - Ameren didn't add any watermarks to their stuff. I added all of the watermarks into it, so that way they couldn't be edited or anything and Ameren can't do the same thing. Such as in the juris - affidavit that I had submitted over to all - - with the payment agreement. I put my signature. I put myself under oath for that and everything, to go ahead and do - - I do a lot of that stuff to make - - any document, I say, for about seven years. Even my tax returns, I do the same thing. The IRS has never came onto me for it.

THE COURT: Well, the problem with that, and the problem with the way you've done it here, is that you've admitted that you were capable of modifying these documents. And what you - - I'm not saying the documents

15
          MR. FELBER:
                      It is evidence. They've even got him - -
16
     same thing with the payment agreement. I sent a payment
17
     agreement in JPEG. I get some excuse that JPEG can't even
18
    be - -
19
                      I'm not interested in what Ameren said.
          THE COURT:
20
     I'm not interested in any of that. I'm interested in
21
    having a conversation with you about this piece of
22
    evidence. Mr. Bnks and Ameren are right. We are beyond
23
     the discovery cut off. So while I tried to give due
24
    process consideration, which means trying to be as fair to
```

you as possible, there has to be a reason to let this

all this stuff, so that way they don't have to do the work; correct? That's pretty much what it is, is I play the puppet.

THE COURT: No, no, no, no. You're - - you're

22

23

24

- 1 | actually - you're coming at this from the wrong angle.
- 2 MR. FELBER: I'm not.
- 3 THE COURT: You are.
- 4 MR. FELBER: 120 - how - how many days - 126
- 5 days of disconnected service. I've done and met every
- 6 | single (talking over) -
- 7 THE COURT: - (talking over) piece of evidence. I
- 8 | am really trying to -
- 9 MR. FELBER: (Talking over).
- 10 THE COURT: I am trying to find an avenue for you to
- 11 be able to use or admit this piece of evidence. And you,
- 12 oddly enough, are actively fighting against that.
- 13 | MR. FELBER: I am not fighting against -
- 14 THE COURT: That was your choice.
- MR. FELBER: I am not - (inaudible) it shows on my
- 16 | end.
- 17 | THE COURT: I'm the judge here.
- 18 MR. FELBER: I know you are.
- 19 THE COURT: I will -
- 20 MR. FELBER: (Talking over) more frustrating.
- 21 THE COURT: It can be. I absolutely know. I was an
- 22 | attorney for many years.
- 23 MR. FELBER: I understand.
- 24 THE COURT: And I've been in front of a lot of judges,
- 25 and not all of them I have agreed with. But -

1	MR. FELBER: Ask the last attorney that did the
2	(inaudible) stuff that happened here, and I got a consent
3	judgment and a (inaudible) because they want to argue, but
4	I'm not calling you that. But it's the whole point and
5	principle. I'm not an attorney. So my stuff is really
6	it's it's pretty much my word, because I don't use
7	state this, state that, state this, state this. That's all
8	it is. It's a game. 126 days of disconnected service, and
9	not one thing okay, I can submit I submitted a copy
10	from Twilio of the payment agreement. I believe
11	THE COURT: Let's move on to that.
12	MR. FELBER: Before we do that
13	THE COURT: No, I'm going to go ahead and
14	MR. FELBER: I want to talk about the transcript and
15	where Mr. Banks admitted that he had no other information
16	to send me.
17	THE COURT: That will be a we're going to stay
18	focused on one thing at a time. I want to stay on this
19	document for now. You indicated that she would provide
20	this document, an unaltered page one and page two of this
21	document to Ameren, only if they agree to immediately
22	restore services; is that correct?
23	MR. FELBER: Yeah, at the St. Louis County Police
24	Department.

THE COURT:

So you will not agree to provide this

- document under any other purpose?
- 2 MR. FELBER: If he's willing to meet the St. Louis
- 3 | County Police Department.
- 4 THE COURT: Okay. You can seek to introduce this at
- 5 | the hearing, but I think it will probably -
- 6 MR. FELBER: Why - why is it hard? He wants to
- 7 | clear himself of anything that they want to clear their
- 8 | name of, but why - why is it -
- 9 THE COURT: The next document, which I'm not going to
- 10 | go into the name of, because it's 8977BC2C and it goes on.
- 11 | And that appears to be a Gmail confirmation of payment
- 12 | agreement.

- 13 MR. FELBER: (Talking over).
- 14 THE COURT: - (talking over) with an affidavit of
- 15 | some kind (inaudible) from the commonwealth of Texas.
- 16 MR. FELBER: Correct.
- 17 THE COURT: Collin County. Tell me what this is and
- 18 | why that is important, because from what I see, the Jura
- 19 seems to be a notary. And the only thing I see that the
- 20 | notary seems to confirm, is that you were Brett Felber. So
- 21 | would you please clarify to me what this is, and why there
- 22 is a white - why there's an attached notary. Please
- 23 | explain.
- MR. FELBER: I got - attached a notary to go ahead
- 25 | and show proof that it was a document; okay? Here's what I

1	did originally. If you look at the Staff report, I sent a
2	picture of a JPEG. That wasn't good enough. So go ahead
3	and send a document. That's not good enough. And you send
4	an altered document with a trademark. That's not good
5	enough. That's the document that was sent, that I used
6	with notarized.com. Yes, they looked at it. Mm-hm. When
7	I was sitting there trying to let him know, hey, this is -
8	- this this is to show proof. I've submitted copies of
9	the payment agreement, without in fact, Twilio's
10	agreement is without the watermark. So we're going to
11	argue that one, too? Are we going to say now, we want this
12	and this, too?
13	THE COURT: I'm not I'm not arguing about the
14	watermark, and don't get ahead.
15	MR. FELBER: The watermark's there for protection. So
16	that way, nobody can go in there and edit it.
17	THE COURT: I understand that. So let's let's get
18	back to this. So what you did was you printed this out,

and you submitted it to an online notary thing - -

MR. FELBER: Notarized.com is more than that.

19

20

21

22

23

24

25

What is it that they are doing here? THE COURT: is it that you are saying has been accomplished by this notarization?

You want to know what it was used for? MR. FELBER: It was used to file a civil complaint against the complaint

1 - - against the respondent. It was an affidavit of facts. 2 I'm sorry, I'm also on a new blood pressure 3 medicine, that really - - you guys have done a great job 4 on. (Unintelligible) I'm ticked. I just want my service 5 That's all I want. We can move past all this turned on. 6 and we can go through the other stuff. And we can say, 7 Hey, Mr. Felber, you're entitled to it. But I have to 8 explain myself over and over again about what's this? 9 What's that? What's that? What's this? I explain it in 10 my detail. 11 THE COURT: Okay. You - - you've already submitted a 12 watermark, so we can see if it's altered, at any point, by 13 Ameren in the future; correct? 14 Yeah. You want to know what? MR. FELBER: 15 THE COURT: No, I don't want to know what. I want you 16 to answer my question. I want you to answer my question. 17 Is that correct? 18 If you want to while we're off, I can go MR. FELBER: 19 to the - - there's a - - there's a software program that 20 can verify the authenticity of the products too, that can 21 be utilized to make sure it's real. You want me to go 22 ahead and set up a conference call for that one day, and we 23 can sit down and we can go through that and decipher? THE COURT: No, I do not want to do that. 24

It would eliminate all the other stuff.

25

MR. FELBER:

- 1 Do you have, given that we can always THE COURT: 2 compare it to this one to see if it's been altered, do you 3 have an unaltered email of the payment agreement to you? 4 MR. FELBER: I've sent it to you guys, twice. 5 THE COURT: Okay. 6 MR. FELBER: I sent - - I sent one as a screenshot 7 JPEG. And then I sent one as a regular. And then we have 8 the Twilio agreement. 9 And they all have watermarks on them. THE COURT: 10 MR. FELBER: They all do. 11 THE COURT: Okay. 12 Are you - - are you telling me the EFIS MR. FELBER: 13 upload that I did - - Twilio - -14 I'm not going to get into the Twilio. THE COURT: 15 MR. FELBER: - - watermarks? 16 THE COURT: We're going to get to Twilio. Have you 17 previously submitted this email - - I've seen the - - I've 18 seen this payment agreement before in the email shot on 19 your cell phone. 20 MR. FELBER: Correct. 21 Have you - - have you submitted an THE COURT: 22 unaltered version of this before? An unwatermarked 23 version?
- 24 MR. FELBER: Correct.
- 25 Is that the cell phone one? THE COURT:

	Page 2
1	MR. FELBER: Correct.
2	THE COURT: What about this one that is a print off?
3	MR. FELBER: I believe I have, I would just have to go
4	through my email and utilize it.
5	THE COURT: Okay. You have submitted and unaltered,
6	un unwatermarked version print off of this email before,
7	and it is highly likely that I will allow it with proper
8	foundation and subject to surviving any objections, for you
9	to use it.
10	MR. FELBER: Yeah.
11	THE COURT: All right, let's go on to the next item,
12	which I believe is EFIS item 153. Give me a second to
13	pull that up. And Mr. Banks, I appreciate that I haven't
14	given you an opportunity to respond yet, and I will.
15	MR. FELBER: Oh, don't worry. If this was an actual
16	court setting inside of civil court, I'd be more
17	professional, trust me. Oh, and don't think the Texas
18	thing or whatever the credit card suit is what's it
19	called? Because I re-filed that in St. Louis City.
20	THE COURT: I believe I said this before. I'm going
21	to reiterate again. It does not matter what (inaudible)
22	the jurisdiction. I do not care about outside actions.
23	MR. FELBER: Oh, I believe there's going to be a

if you guys aren't ready to - -

(inaudible) order coming very, very soon outside of there,

24

THE COURT: Okay. So I'm looking at this. This appears to be the exact same thing this - - this 158 - - this is the email - -

MR. FELBER: (Talking over).

THE COURT: This is as you - - yeah. This is, as you indicated, an unwatermarked (inaudible). Where did you obtain this from?

MR. FELBER: Twilio. I reached out - -

THE COURT: What is Twilio?

Mr. Felber: Twilio is the parent company of SendGrid. SendGrid is a company who they use for API outsourcing their indexing. So that - - that's the company that they use right now, to go ahead and send their automated emails There's a very fine process in which you have out to them. to follow, to be able to get exact documents. I'm in the communications industry. And in fact, technically compared to other programs, it's a very lengthy process. But after we had that one hearing where I had asked respondent's counsel for copies of it, and he said he did not, I had sent an email off to Twilio to go ahead and get everything. And I told him everything surrounding the basis of everything. And I was able to get it. Took months, but I was able to get it. And that would be the automation form that it would come in. And then on top of that, I even sent over a copy of how to re - - I guess, contradict what

```
1
     (inaudible).
                   And - -
 2
          THE COURT:
                      I - - sorry. I saw that.
                                                 That was that -
 3
     - that was that packet, dynamic email templates.
 4
     Twilio - - Twilio SendGrid Design Editor.
5
          MR. FELBER: Correct, yes. So pretty much what
6
    happened in that, I had pointed - -
 7
                      You're wanting to use that as rebuttle;
          THE COURT:
8
     correct?
9
          MR. FELBER:
                      I want to use that as proof, correct.
     Because they - - in their coding, in the staff report where
10
11
     they obtained their information, they didn't put their
12
     email address into it, which it would have been coded in
     there with their email address. That's to show Ameren just
13
14
    put together something to make it look as if they followed.
15
          THE COURT:
                      When Twilio sent you this Gmail
16
     confirmation of payment agreement, did they include any
17
     other documentation such as here's a letter from Twilio,
18
    Mr. Felber. Thank you for making your request.
19
     response to your request, please find attached, the

21
          MR. FELBER:
                       I do.
22
          THE COURT:
                      They did send you something like that?
23
          MR. FELBER:
                       They did. However, again, I'm not going
24
     to send it over if my services aren't going to be restored
```

immediately. I want assurance from him, Mr. Banks, that if

- 1 | I send that over right now, he's going to restore my
- 2 | services right - immediately. Otherwise, I'm going to
- 3 use it in court as a breach.
- 4 THE COURT: Okay. Well, you may or may not get to use
- 5 | it the hearing, which we'll see.
- 6 MR. FELBER: Exactly. I don't think there's going to
- 7 | be an evidentiary hearing. I think it's going to be pulled
- 8 | - pulled along like it was this past one. And - and
- 9 | again, you're wanting me to send more and more stuff. But
- 10 | this guy is allowed to not send me anything and you're -
- 11 | you're able to take his word for it.
- 12 THE COURT: I believe last time I said, absent -
- 13 absent good reason to continue the hearing, it will not be
- 14 | continued. It may - you may just be evidentially
- 15 | hampered a little bit if you're - as I indicated in a
- 16 | earlier conference, parties don't get to play hide the
- 17 | ball.
- 18 MR. FELBER: I'm not -
- 19 THE COURT: You are playing hide the ball, when you're
- 20 | not allowing them to have all of the unedited evidence that
- 21 | you plan to use.
- 22 MR. FELBER: So what if I - okay, so I'm playing
- 23 | hide the ball. But yet, in his report, he says he doesn't
- 24 | have it.
- 25 | THE COURT: In whose report?

THE COURT: The same rules that apply to you, apply to Ameren. I - - unless I would let Ameren show up and say, by the way, here in my code, I have this new thing, with no

23

24

1 foundation, with nothing new, I would be asking the same 2 questions - -3 MR. FELBER: Okay. 4 THE COURT: - - in regards to, you know, its 5 relevance, where it came from, why it should be believed. 6 Believed? MR. FELBER: 7 These are all legitimate questions. THE COURT: The 8 same evidentiary rules that apply to you, apply to Ameren. 9 MR. FELBER: Okay. 10 THE COURT: Ameren says that they don't have it, guess 11 what? You're entitled to say, hey, I will have it. And 12 that can be part of your argument. Which you're saying you 13 do have it, but I'm not going to show you the unaltered 14 That's what you're saying. version. 15 MR. FELBER: (Talking over) selfish, so why should I 16 continue sending that? Okay, if I send you a - - if I send 17 you a snapshot for my email that shows it unaltered, without a watermark on it, that should be one and done, 18 19 instead (inaudible) - -20 THE COURT: I am - - I am not collecting evidence. 21 We're talking about evidence that is going to be submitted 22 at a hearing. 23 MR. FELBER: Am I dreaming? I - - I mean, here, I - -24 am I dreaming? Or - - or - or what is it? I don't have

time to play these games, guys. I don't. I don't have

1 time to play the game. I've sent them copies of it, they 2 have copies of them, whether he wants to - -3 THE COURT: I will be making a decision - - I will be making a decision at the - - at the hearing, as to whether 4 5 it comes in and what is the appropriate way to begin. 6 Right. So let's - - let's go ahead and MR. FELBER: 7 write, you know? So Twilio has (inaudible). And we want 8 this - - this - - whose fault is it - -9 (Talking over). THE COURT: 10 MR. FELBER: - - the records. It's not my fault. 11 THE COURT: That's correct. 12 You're letting a company - -MR. FELBER: 13 THE COURT: (Talking over.) 14 They're breaking the law. Yep. MR. FELBER: 15 THE COURT: When I'm talking, you should not be 16 talking. 17 I shouldn't be, but I'm - - I'm ticked. MR. FELBER: THE COURT: 18 You can be ticked, but that - - that 19 doesn't give you the right to talk over me. 20 No. But, you know what, at some point, MR. FELBER: 21 you have to stand up and realize that the facts of this 22 matter is they're getting away with everything. That's why 23 they're going to continue doing that. As long as you keep 24 on saying, hey, hey, this, this, this, when has

THE COURT: You had - -

MR. FELBER: Right now - -

4 THE COURT: You had requested a hearing on the

restoration of service?

MR. FELBER: Yeah.

THE COURT: Right?

MR. FELBER: I want services restored. And I think I'm - I think I'm entitled to it because I've given them the sufficient proof to show that; okay? I shouldn't have to suffer. I shouldn't be forced to say oh, well, I have to do this, this, this, this, this, this. I've done what they wanted. They didn't have a copy of that.

THE COURT: What did you - -

MR. FELBER: - - punishment in every way for them to continue keeping services off. I've done everything. Just like, I mean, for example, what I submitted, because he kept on bringing up the whole purpose of things of a payment agreement. He (inaudible) response that he wanted compelled, I had my attorney go through that. That's what more or less I'm ticked off about, is because I have my attorney go through my server. And then he sent us a hey, Mr. Felber, Mrs. Engel Brecht and Ms. Grubbs, the parties that you're using, here you go, here's the piece of paper. I sent it to him. I sent him a copy of that. That's

- 1 unaltered. That shows the payment for -
- THE COURT: Is your attorney going to be entering his
- 3 | appearance in this case?
- 4 MR. FELBER: Huh?
- 5 THE COURT: Is your attorney going to be entering his 6 appearance in this case?
- 7 MR. FELBER: If services aren't restored today, he is 8 going to be answering an appearance and have to deal with 9 the matter.
- 10 THE COURT: I am looking forward to receiving an entry
 11 of appearance from your attorney. In the meantime, moving
 12 on -
- MR. FELBER: I guarantee it ain't going to be that way. Hold on, let me call him.
- 15 THE COURT: No, we're not going to do that during a 16 hearing. You're wanting to argue the immediate restoration
- of your service. I'm giving you an opportunity to do that.
- 18 Instead, you want to bounce around and talk about all the
- 19 things, procedurally, that you believe Ameren has done.
- 20 But what I want to hear from you is why you think your
- 21 | services should be immediately restored, and why the
- 22 Commission should order that, and why you believe the
- 23 | Commission has the authority to order that.
- MR. FELBER: Number one, the law - the law doesn't
- 25 allow a business to decide and use deceiving practices to

Τ	keep services off. It doesn't affow a business to
2	businesses, they are ordered secretary of state records
3	for the full Commission rules and everything, it's right
4	there. I've pointed them out in earlier in earlier
5	filings, the Commission rules of everything. They fail to
6	honor the payment agreement, even in their agreement
7	okay, for example, I'll point it out again, because that's
8	what I have to do. In Staff report in Staff report, it
9	says if both parties cannot come to an agreement, you are
10	to pay the balance. This is something that they are not
11	even doing. So it would be re even if it would be half
12	the balance that would be due, which would be \$2,500,
13	regardless of whatever they're claiming; okay? Another
14	thing, if I can send over a copy first, again, st
15	Staff report and everything transcripts, where he says
16	we're trying to put an end to litigation on old items, like
17	these. Where? Mike's a freaking racehorse. Mike's a
18	corrupt justice piece of practice. You're telling me you
19	want to order new practices, and you agree with what the
20	Staff wants you to do to change to implement. But you
21	don't want to take your action prior to leaving, to file
22	response and do this report. You don't want to do this
23	report one bit, because you know you're on the wrong.
24	Those are things that get left out. I'm a person that
25	picks apart whatever is said, just like you. I pick it

Page 39 1 Same thing; okay? He sat there in the staff report apart. 2 and said to me, to you, to everybody, to - - I don't have a 3 copy of this so I can't get it for you. So Mr. Felber goes and gets a copy of it, sends it over, essentially showing 4 5 proof that Mr. Felber is in the right here. And instead, 6 Mr. Felber gets heckled for more crap. What more crap? 7 Oh, well, that's a screenshot. Oh, well, this is a copy 8 that shows this. Oh, well, this is from Twilio. He - - he 9 had his opportunity to go ahead - - he had his opportunity 10 to send me stuff. And he denied. There was no time limit 11 statute, or anything of that nature, that says I can't 12 introduce that at a later time, especially if he's saying 13 that he doesn't have documents. Then on top of that, this 14 grossly neglects - - it's abuse. It is abuse. It's 100% 15 abuse. You're trying to extort and coerce somebody, when 16 they have a payment agreement. All that I want is 17 That's all I'm asking for. It doesn't something fair. have to be (inaudible). Instead, it's stubbornness. 18 19 want to know why it's stubbornness? Because they've been 20 able to get away with it. Okay? 21 THE COURT: When you say - -22 MR. FELBER: They're just being stubborn. 23 THE COURT: When you say you have newly discovered 24 evidence, or that you have received an actual copy - -

LEXITAS

I did.

MR. FELBER:

- THE COURT: - of the email.
- 2 MR. FELBER: Yeah.
- 3 THE COURT: It is past the discovery deadline, then it
- 4 is appropriate for me to inquire as to why it should be
- 5 | allowed in.
- 6 MR. FELBER: (Talking over.)
- 7 THE COURT: But I'm going to assume that you've said
- 8 | everything that you wanted to say in regard to arguments as
- 9 to why your service should be immediately restored. Mr.
- 10 Banks, did you want to respond to - and let's -
- 11 MR. FELBER: It's Ameren's negligence, Your Honor.
- 12 It's Ameren's negligence.
- 13 THE COURT: Mr. Banks - it's Mr. Banks' turn to
- 14 respond.
- MR. FELBER: Before I go, I want -
- THE COURT: Please give him the same respect that he's
- 17 given you, and let him speak.
- 18 MR. FELBER: Respect?
- 19 THE COURT: He has sat there quietly.
- 20 MR. FELBER: I just want one more thing that I have to
- 21 | say. And then I'll give him that respect. You know what
- 22 | the hardest part about things is? Having to sit there and
- 23 | watch my daughter cry, having to watch my son cry. Because
- 24 | they can look at things and they can see things that are
- 25 | wrong. My daughter was emotionally attached to her

1	chameleon her chameleon. Now, while there's backup
2	power running to the premises, it died on her last week.
3	Do you know how hard it is? And then to put blame? And
4	then there's sit there and say, you know, should I have
5	just paid \$4,000 to be done with it and go from there?
6	That's hard. That's hard. But then when you send in a
7	compelling amount of evidence that shows different and then
8	you have to deal with the same stuff, that's hard. All I
9	want is a fair (inaudible). And I'm not getting it, Your
10	Honor. That's what I'm pretty much saying.
11	THE COURT: It's my job to see that you get a fair
12	hearing.
13	MR. FELBER: I'm not getting it at all. I've been put
14	on medications for this. I've been put on a couple
15	different medications because of it. And I'm not getting
16	it.
17	THE COURT: You are entitled to believe that. Now Mr.
18	Banks, I'm going to give you an opportunity to argue for
19	Ameren. Why don't we start why don't we move
20	backwards? So did you have anything to say, in regard to

response you want to make to his argument in that regard? Your Honor, Ameren Missouri will stand on MR. BANKS: its pleadings that it has done nothing wrong. It has not

the immediate - - request of a hearing to argue for the

immediate restoration of services? Do you have any

    violated any applicable Missouri statutes or Commission

     regulations - -
 3
          THE COURT:
                      Okay. Now, in regards to the two items
     you from - - and I read your response to those items.
 4
5
     regards to the two items in EFIS 139, and the one item and
6
     EFIS 153, what are your objections to that evidence?
 7
                      (Inaudible), Your Honor.
          MR. BANKS:
8
          THE COURT:
                      And I quess - - I quess - - I quess the
9
     question I have is, I understand that Ameren's position is
10
     that - - and these are not terms - - these are not legal
11
     terms of art, but I believe it is - - I believe it says an
12
     agreement has - - oh, it's right here. A payment agreement
13
    has been established for your Ameren Missouri account.
                                                              In
14
     order to activate the agreement, you have to pay this much.
15
     Is - - setting aside whether or not there was, in fact, an
16
     agreement that was either active or inactive, what is
17
     Ameren's objection to this email coming in? Is Ameren
18
     saying that they did not send a payment agreement? Or that
19
     the - - that the terms here, as represented by Mr. Felber,
20
     are incorrect? Or is it merely an evidentiary argument?
21
          MR. BANKS:
                      It's an evidentiary argument, Your Honor,
22
     and also the terms named by Mr. Felber are incorrect.
23
                      When do you mean? I saw that you're - -
          THE COURT:
24
    well, actually, what you're saying - - and if I'm correct,
25
     is you're saying that the - - the 5-22 date is incorrect.
```

1 Yes, Your Honor. Per the voicemail MR. BANKS: 2 conversation that was provided to Staff in process data 3 request number two, dated May 18, 2024, the half payment of 4 \$2,500 should have been paid by Mr. Felber, before the 5 close of business on May 18. When that was not done, that 6 caused a disconnection. 7 Okay. Well, if you're presenting evidence THE COURT: 8 - - if you're going to be presenting evidence that the 5-22 9 date is incorrect, why is this not appropriate rebuttal 10 evidence? You don't have to tell me now. You can tell me 11 at the hearing but - -12 I would prefer to tell you the hearing, MR. BANKS: 13 Your Honor. 14 Okay. All right. Moving on, that - - did THE COURT: you have any other arguments you wanted to make, as to 15 16 either of the other two documents? 17 MR. BANKS: No, Your Honor. 18 THE COURT: Okay. 19 Your Honor, can I object something yet? MR. FELBER: 2.0 THE COURT: What are you objecting to? MR. FELBER: A way - - a way file he submitted to me 21 22 in the exhibit. 23 THE COURT: I'm sorry, say that again. The wav file that he - - that - -24 MR. FELBER: Ι

quess he's talking about this payment agreement.

1 Surrounding everything, the payment agreement. 2 THE COURT: Okay. 3 MR. FELBER: He submitted a wav file. What was submitted? 4 THE COURT: 5 The way file that he submitted as an MR. FELBER: 6 exhibit. That was when we were supposed to have the 7 regular hearing - - or the evidentiary hearing back in 8 August that got - -9 THE COURT: What - - what - - what is the - - what is 10 the contents of the way file? 11 MR. FELBER: The contents of the wav file is - - as -12 - is his claim of 5-18. Nowhere in that file, did anybody 13 say what date it was, the amount of - - the amount - - and 14 nobody said what date it was. How do you not know it 15 wasn't for - - 5-22? How do you not know wasn't for 16 whatever? It doesn't say what date it was. 17 MR. BANKS: It's time stamped, Your Honor. I think - - I think those are excellent 18 THE COURT: 19 arguments for you to make at the hearing. 20 There's no date on it. MR. FELBER: 21 THE COURT: I understand and I think that's a 22 reasonable question to ask whatever - - whoever their 23 witness is that is going to be introducing or foundational 24 for that piece of evidence.

MR. FELBER:

And see for example, like on the - - on

- the piece of paper, like how he's able to allow - I don't want to tell you until the hearing. Just say it. Get it off your chest. Have a meeting with Twilio (inaudible) counsel. That's all you have to do.
- THE COURT: Okay. We have - we have - we're 15 days out on this evidentiary hearing. You have not provided any new arguments as to - you have not provided new arguments as to why your service should be immediately restored. What you have provided is things that, additionally, you may or may not be able to use as evidence at the hearing, and may or may not have evidentiary value based on that. So I'm not going to ask the Commission to order the immediate restoration of your services -

MR. FELBER: Yeah - -

THE COURT: - - as we're this close to hearing. And we're going to be hearing your arguments soon enough. THE motion to quash the Staff report, I - - I agree with Staff on. I am not going to order that that be quashed at all. But not being as familiar with it, right now, I'm going to keep that motion under advisement. And we'll address it at any final report and order, as I indicated, I would do with the summary determination. It appears, based upon my discussions here today, that the three pieces of new evidence that you wish to introduce at the hearing, their admissibility or usage will be addressed at the hearing.

Page 46 1 So pretty much gives them, again, it's MR. FELBER: 2 just giving them another advantage, Your Honor. Tthat's 3 all enhanced - - this whole thing has been in for them, for them, for them, for them. How much mon - - how much money 4 5 are they funneling to you guys? 6 It is my job to - -THE COURT: 7 MR. FELBER: I don't. 8 THE COURT: - - try as much for you. You have to 9 process rights, and you have the right to a fair hearing. 10 And it is my job to be sure you get a fair hearing. There 11 are a lot of things that you are saying that you are 12 frustrated that I will not consider now. But these are - -13 these are absolutely, for great many of them, things that 14 you are entitled to argue, at a hearing. 15 MR. FELBER: Yeah. 16 But as I explained in our very, very first THE COURT: 17 - when you submit all this stuff - -18 MR. FELBER: I did. 19 This stuff does not have evidentiary value THE COURT: 20 until it is deemed to have it at a hearing. I - - I - - I21 look at it. I take, you know, because there may be 22 something compelling that - - as - - as there was in this 23 time, that may require me to want to talk to the parties 24 about what it is and why it would or would not be fair to

allow something in. We have not made a lot of headway

1 today with that. I'm actually okay with that. So -2 Ask him where he wants his smart meter MR. FELBER: 3 delivered to him, so that way I can have another meter put 4 in. 5 I'm not going to be asking that. THE COURT: 6 thank you. 7 MR. FELBER: Can I just - - can I take it out, please? 8 So that way I can have the other service that I'm having 9 put in there? 10 THE COURT: I am an attorney. I am not your attorney. 11 I am not going to give you legal advice. But I would 12 caution you against that because, as a previously practicing criminal attorney, I do know that there are 13 14 charges that can be brought for tampering with utility 15 property. 16 MR. FELBER: I've never tampered with their property, 17 They did the same - -18 I wouldn't say you have, but when you say THE COURT: 19 20 MR. FELBER: I don't like it when people say that. 21 have no reason to tamper with their property. And in fact, 22 technically, by law, they don't own the property because 23 it's actually paid out of taxpayer dollars. It's actually 24 owned by North America. The links of those things, they're

owned by different companies. They're not owned by Ameren.

1
                     All I'm saying - - the only thing I'm
          THE COURT:
 2
     saying to you is - -
 3
          MR. FELBER:
                      I have - -
          THE COURT: - - to disconnect a meter and mail it
 4
5
     anywhere, I don't know what's going to happen. That's not
6
     in my realm of knowledge.
 7
                      Number one, I'm entitled to have services
          MR. FELBER:
8
    put in the premises, whether - - if Ameren doesn't want it
9
     or not. I have the right to have a general link hooked up
     to it, to go ahead and be able to get sufficient power.
10
                                                              Ι
11
     lost my thing. I lost it. I have the right for that.
                                                             All
12
     I'm asking is if they want their meter back. Or is it
13
     going to be one of those myriad things of where they, oh,
14
    Mr. Felber, da da da da da da, all this stuff, like
15
     they've done with the kangaroo circus.
16
                      That's not something I'm prepared to
          THE COURT:
17
     address at this pre hearing conference, as what happens to
18
     the meter.
19
                      Right.
          MR. FELBER:
20
                      That is not something - -
          THE COURT:
21
          MR. FELBER: So how many days does - - so how many
22
    days does that put us out to, over 170? Or wait, that'll
23
    put us over 200 by the time we get to the evidentiary
24
    hearing. Then by that time, it will be November. And then
```

by that time, we'll - - we'll move on, we'll hear the whole

- 1 thing again. If I had a penny for every time I got an 2 excuse, I think I'd be a billionaire today. You know, 3 Google reviews are a great reviewing tool of source. I think the Commission and you guys need to read every review 4 5 that's going on the Public Service Commission. And what 6 Ameren - - Ameren was just actually severely downgraded to 7 a NR from their friends at the BBB because of their billing 8 practices and everything. All - - huge list of I think 9 it's relevant to everything here, too, going on. Again, it 10 is what it is. It's factual information that was given to 11 He has nothing. All that it's allowing him to do is 12 extend the time and play the circus again. That's all - -13 it's given him everything he's wanted; okay? He wanted a 14 November push out for a trial, which essentially pushing 15 back the evidentiary to October did the same thing; okay? 16 Even though he didn't get the medical hardship - -17 Your Honor, we would have had this hearing MR. BANKS: long time ago, if Mr. Felber would have complied with the 18 19 order - - complied with the motion to compel. 20 MR. FELBER: Oh, if Mr. Felber complies with the 21 order; right? Have you complied with anything that I've 22
 - tried to compel from you, sir? No.
- 23 THE COURT: I asked you today.
- 24 MR. FELBER: Yeah.
- 25 I asked you today. THE COURT:
