**ORDER RESOLVING ANNUAL FUEL ADJUSTMENT CLAUSE
TRUE-UP AND TARIFF**

Issue Date: March 20, 2019

Effective Date: April 1, 2019

On January 31, 2019, Kansas City Power & Light Company ("KCPL") submitted an application containing its true-up filing for its Fuel Adjustment Clause ("FAC"). KCPL requests that the Commission authorize a true-up adjustment and implement it under its FAC tariff. Also on January 31, 2019, KCPL filed a proposed tariff to adjust its fuel adjustment rates, which are used to determine customer charges related to its FAC. The submitted tariff bears an effective date of April 1, 2019. The Commission received no applications to intervene.

FAC true-up

In File No. EO-2019-0222, the true-up amount identified in this filing is the result of an over-collection of \$511,952 from its customers during Recovery Period 4 ("RP4") from October 1, 2017 through September 30, 2018. The true-up amount for RP4 is included in the KCPL's proposed changes to its current period fuel adjustment rates for Accumulation Period 7 ("AP7") in File No. ER-2019-0223.

Staff examined the direct testimony of Lisa A. Starkebaum, the supporting schedules KCPL provided with its application in this case, and the monthly information KCPL has submitted to the Commission. Staff also reviewed KCPL's monthly interest calculations and agrees with them. Staff has verified that KCPL has filed its 2017 annual report and is not delinquent on any assessment. KCPL is current on the filing of its Surveillance Monitoring reports as required in 4 CSR 240-20.090(10) and its monthly reports as required by 4 CSR 240-3.161(5). Staff is not aware of any other matter before the Commission that affects or is affected by this filing, except as noted herein. Staff recommends the Commission approve KCPL's RP4 true-up filing, which indicates KCPL over-collected \$511,952 from its customers, for inclusion in KCPL's AP7 adjustment filing in File No. ER-2019-0223.

Neither the governing statute¹ nor any other law requires a hearing before approving the unopposed application.² The Commission acts on evidence that is not formally adduced and preserved because this is a non-contested case.³ There is no evidentiary record.⁴ Consequently, the Commission bases its decision on the parties' verified filings. Based on the Commission's review of the verified filings, the Commission finds that it is in the public interest to approve KCPL's application and authorize KCPL to include the calculated amounts in its next FAC accumulation period as previously described.

FAC tariff

With regard to KCPL's request to approve its FAC tariff in File No. ER-2019-0223,

¹ Section 386.266, RSMo 2016. This section provides for a hearing when the FAC is approved, modified or rejected. It does not require a hearing when annual true-ups are filed by the company.

² Section 536.010(4), RSMo 2016, defines a contested as "a proceeding before an agency in which legal rights, duties or privileges of specific parties are required by law to be determined after hearing." *State ex rel. Rex Deffenderfer Ent., Inc. v. Public Service Commission*, 776 S.W.2d 494, 496 (Mo. App.1989).

³ *State ex rel. Public Counsel v. Public Service Commission*, 210 S.W.3d 344, 353-355 (Mo. App. 2006).

⁴ *Id.*

the proposed rate schedules are designed to recover from customers 95 percent of the company's net cost increases or decreases. KCPL's requested adjustment would result in a decrease in the bill of a typical residential customer of approximately \$1.46 per month.

The Commission's Staff filed a recommendation regarding KCPL's tariff on March 1, 2019. Staff verified that KCPL's actual fuel and purchased power costs match the fuel and purchased power costs included in the company's calculated rates set in the submitted tariff. Staff advises the Commission to approve the tariff submitted by KCPL to become effective on its April 1, 2019 effective date.

The Commission's rule regarding FACs requires the Commission to issue an order approving or rejecting the company's tariff within 60 days of its filing.⁵ If the FAC rate adjustment complies with the Commission's rule, Section 386.266, RSMo 2016, and the FAC mechanism established in the most recent general rate proceeding, the Commission is required to approve the rate adjustment or allow the proposed tariff implementing the adjustment go into effect by operation of law.⁶

The Commission has reviewed KCPL's tariff filings and Staff's verified recommendation and memorandum and finds that the tariff sheet implementing the FAC rate adjustment is in compliance with the Commission's order establishing the FAC and with all applicable statutes and regulations. Therefore, the Commission will approve KCPL's proposed tariff.

THE COMMISSION ORDERS THAT:

1. The true-up amount for Recovery Period 4 is established for Kansas City Power & Light Company as an over-collection of \$511,952 from its customers and shall
