Thanksgiving & Christmas Holiday  
Traditions LLC

VS

Ameren Missouri

Completely inaccurate and untrue that an LLC must retain an attorney to initiate or file a lawsuit or complaint in the State of Missouri. In the State of Missouri if the amount is \$ [REDACTED] or below a business itself by business partner or individual may initiate and bring forward a lawsuit against another individual or business without hiring an attorney to represent the business.

Reference would be Small Claims Courts in every jurisdiction of the State of Missouri.

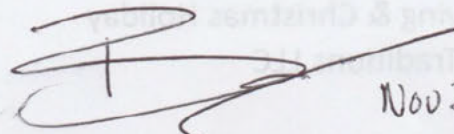

Since the matter presented in the claim is listed below the threshold of \$ [REDACTED] or less, the LLC by business partners under Small Claims Court Statutes would be allowed to bring forward and carry forward a complaint or lawsuit and be able to represent themselves without hiring of legal counsel. (Reference) Small Claims court guidelines.

Again, why is the Commission protecting the utility company and allowing a utility company to continue these deceptive practices?

The Complainant or business partner of the business who has filed the Complaint has the right to satisfactory working electric services that were supposed to be carried out between the hours of 10 am and 12 pm on Monday November 27, 2023. Agreement between Ameren's Business Credit Department and Thanksgiving & Christmas Holiday Traditions LLC.

The Complainant has the right for this matter to be presented without any deficiency, as it meets the threshold under small claims guidelines for the business partner to represent the business, itself.

Attached for further reference is a copy of the small claims court guidelines in the County of St. Louis for small claims procedures.
