Secretary Morris Woodruff  
Missouri Public Service Commission  
Governor Office Building  
200 Madison Street  
Jefferson City, MO 65101

Dear Secretary Woodruff:

On behalf of Spire Missouri Inc. ("Spire Missouri" or the "Company"), enclosed herewith for filing with the Missouri Public Service Commission is P.S.C. MO. No.9, Original Sheet No.R-30.28 through R-30.32, which contains Spire Missouri Inc.'s proposed Carbon Offset Initiative ("Program"). This transmittal letter and the enclosed tariff sheets are filed concurrently with Spire Missouri's Application for Approval of the Carbon Offset Initiative and the Direct Testimony of Eric Bouselli, detailing and supporting the Program.

The proposed Program will be voluntary and open to Residential and Small General Service customer classes. The Program is designed to give customers the ability to offset a portion or all of the emissions related to their natural gas usage through the purchase of environmental attributes. It is priced in a way that is affordable, thus, lowering the hurdles to participation for Spire Missouri's Residential and Small General Service customers.

Thank you for bringing this matter to the attention of the appropriate Commission personnel.

Sincerely,

/s/ Scott Weitzel
