Subject: Follow-up For Chapter 22 Rulemaking Workshop Number 3

The first attachment is the request for specific information from each utility discussed during last week's workshop. I am requesting that each utility respond to this request by this Friday, August 7th.

The second attachment is the Straw Man Objectives for 4 CSR 240-22 document with some comments made during last week's workshop. Please note that this is a redo of the comments documented during last week's workshop, since the the original documented comments were not saved. Workshop participants are encouraged to review this document and to provide any additional comments they feel should be documented.

The Staff appreciated the input of all participants in the Chapter 22 rulemaking process.
