FROM: Nancy Dippell  
Deputy Chief Regulatory Law Judge

DATE: December 2, 2010

On November 30, 2010, the Commission held a roundtable discussion regarding the current proposed revisions of its Chapter 2 rules in File No. AX-2011-0094. Deputy Chief Regulatory Law Judge Nancy Dippell was a participant at the roundtable as were attorneys Larry Dority (who also represents KCP&L Greater Missouri Operations Company), Stuart Conrad (who also represents Ag Processing, Inc.), Marc Poston (Office of the Public Counsel) and Kevin Thompson (Chief Staff Counsel for the Commission). Though no specifics of this pending case were discussed, there was a discussion among these individuals of proposed changes to the Commission's rules regarding individuals acting as their own attorneys. Because that has also been a pending issue in these cases, Judge Dippell submits this notice.
