Case No. SA-2023-0437

AMENDED STAFF TARIFF RECOMMENDATION

COMES NOW the Staff of the Missouri Public Service Commission and for its
Amended Tariff Recommendation hereby states:

1. On June 23, 2023, Confluence Rivers Utility Operating Company, Inc., filed an *Application and Motion for Waiver* asking the Commission to grant it a Certificate of Convenience and Necessity (CCN) to acquire the sewer system assets of the Village of Luray in Clark County, Missouri. The Commission granted it a CCN on November 1, 2023, and directed Confluence to file tariff sheets compliant with its *Order*.

2. Confluence filed a tariff revision (JS-2024-0088) to reflect the acquisition on December 4, 2023. Staff reviewed the tariff and certifies that it is compliant with the Commission's *Order* and reflects Staff's approved conditions.

3. Staff recommends the Commission approve the Tariff Revision, JS-2024-0088.

4. In its first *Recommendation* Staff failed to address the Company's request for expedited treatment. Staff now states that it has no opposition to that request and asks the Commission to permit the tariff sheets to take effect on December 28, 2023.

WHEREFORE, Staff prays that the Commission will accept this *Tariff Recommendation*; will permit the tariff to take effect on December 28, 2023; and provide such other and further relief as is just in the circumstances.

Respectfully submitted,

/s/ Whitney Scurlock
