ORDER GRANTING APPLICATIONS TO INTERVENE

Issue Date: December 12, 2023

Effective Date: December 12, 2023

On November 8, 2023, Evergy Missouri West, Inc. d/b/a Evergy Missouri West filed an application for approval to acquire and operate an existing natural gas-fired, combined-cycle electric generation facility located in Pleasant Hill, Cass County, Missouri known as the Dogwood Energy Facility. The application also requests a certificate of convenience and necessity to own, operate, maintain, and otherwise control and manage the Dogwood Energy Facility.

The Commission directed notice and set a deadline of November 29, 2023, for applications to intervene. The Missouri Joint Municipal Electric Utility Commission d/b/a Missouri Electric Commission (MEC), Renew Missouri Advocates d/b/a Renew Missouri, the City of Kansas City, and the Midwest Energy Consumers Group (MECG) all filed timely applications to intervene. More than ten days have passed since the applications were filed and no one has responded. After considering the unopposed applications to intervene, the Commission finds that MEC, Renew Missouri, the City of Kansas City, and MECG have interests which are different from that of the general public and allowing them to intervene will serve the public interest. Therefore, in accordance with Commission Rule 20 CSR 4240-2.075(3), the Commission will grant the applications to intervene.

THE COMMISSION ORDERS THAT:

1. The applications to intervene of the Missouri Joint Municipal Electric Utility Commission d/b/a Missouri Electric Commission (MEC), Renew Missouri Advocates d/b/a Renew Missouri, the City of Kansas City, and the Midwest Energy Consumers Group (MECG) are granted.
2. This order is effective when issued.
