ORDER GRANTING APPLICATION TO INTERVENE

Issue Date: May 3, 2019

Effective Date: May 3, 2019

On April 15, 2019, Union Electric Company, d/b/a Ameren Missouri filed its 2018 Renewable Energy Standard Compliance Report and 2019-2021 Renewable Energy Standard Compliance Plan, as required by Commission Rule 4 CSR 240-20.100(8). Parts of that plan were filed as confidential under the Commission’s confidential information rule, 4 CSR 240-2.135. A provision of that rule, 4 CSR 240-2.135(6), allows confidential information to be disclosed to the attorney of record for a party to a case, as well as to subject-matter experts for those parties.

On April 23, 2019, the Missouri Department of Economic Development – Division of Energy applied to intervene. More than ten days have passed since the Division of Energy applied to intervene and no party has responded to that application.¹

Commission Rule 4 CSR 240-20.100(8) requires Ameren Missouri to file its Renewable Energy Standard Compliance Report and Renewable Energy Standard Compliance Plan. The rule states that any allegation of failure to comply with the Renewable Energy Standard shall be filed as a complaint. As a result, this is not a contested case. If not for the need to keep certain information confidential, there would

be no need for any party to intervene in this file. Granting party status to the proposed intervenor is the best way to control disclosure of the confidential information filed by Ameren Missouri. For that reason, the Commission finds that allowing the Division of Energy to intervene will serve the public interest. Therefore, in accordance with Commission rule 4 CSR 240-2.075(3), the Commission will grant the application to intervene.

THE COMMISSION ORDERS THAT:

1. The Application to Intervene of the Missouri Department of Economic Development – Division of Energy is granted.
2. This order shall be effective when issued.
