

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of Union Electric Company, d/b/a)	<u>File No. ER-2011-0028</u>
AmerenUE's Tariff to Increase Its Annual)	Tariff No. YE-2011-0116
Revenues for Electric Service)	

**ORDER GRANTING THE APPLICATION TO INTERVENE OF THE
MISSOURI INDUSTRIAL ENERGY CONSUMERS**

Issue Date: October 5, 2010

Effective Date: October 5, 2010

On September 3, 2010, Union Electric Company, d/b/a Ameren Missouri, filed a tariff designed to increase its annual revenues for electric service. The Commission suspended that tariff and established September 27 as the deadline for interested parties to apply to intervene.

On September 24, Anheuser-Busch Companies, Inc., BioKyowa, Inc., The Boeing Company, Doe Run, Enbridge, Explorer Pipeline, General Motors Corporation, GKN Aerospace, Hussmann Corporation, JW Aluminum, Monsanto, Precoat Metals, Proctor & Gamble Company, Nestlé Purina PetCare, Noranda Aluminun, Saint Gobain, Solutia, and U.S. Silica Company, collectively identifying themselves as the Missouri Industrial Energy Consumers, applied to intervene. The Missouri Industrial Energy Consumers (MIEC) is a Missouri corporation and its members are large industrial customers of Ameren Missouri. More than ten days have passed since MIEC and its members applied to intervene and no party has objected to that application.

The Commission finds that the interest of MIEC and its members in this case is different from that of the general public, and may be adversely affected by a final order arising from this case. Furthermore, the Commission finds that allowing MIEC and its

members to intervene will serve the public interest. Therefore, in accordance with Commission Rule 4 CSR 240-2.075(4), the Commission will grant the application to intervene.

THE COMMISSION ORDERS THAT:

1. The Application to Intervene of Anheuser-Busch Companies, Inc., BioKyowa, Inc., The Boeing Company, Doe Run, Enbridge, Explorer Pipeline, General Motors Corporation, GKN Aerospace, Hussmann Corporation, JW Aluminum, Monsanto, Precoat Metals, Proctor & Gamble Company, Nestlé Purina PetCare, Noranda Aluminun, Saint Gobain, Solutia, and U.S. Silica Company, individually, and collectively as the Missouri Industrial Energy Consumers, is granted.

2. This order shall become effective on October 5, 2010.
