Issue Date: December 19, 2023

Effective Date: December 31, 2023

On June 28, 2023,¹ Spire Missouri, Inc., d/b/a Spire, filed with the Commission an *Application for Certificate of Convenience and Necessity for Platte County and Request for Waiver* seeking a certificate of convenience and necessity (CCN) to construct, install, own, operate, maintain, and otherwise control and manage a natural gas distribution system to provide gas service in Platte County, Missouri, as a further expansion of its existing certificated area.

On August 7, Spire filed an *Amended Application for Certificate of Convenience and Necessity for Platte County and Request for Waiver* that corrected the legal description of the area subject to the CCN request.

On October 2, Spire filed a proposed revised tariff sheet, set to become effective on November 1 and assigned Tracking No. JG-2024-0044, which purported to include the

area subject to the CCN request. On October 13, the Commission suspended the proposed revised tariff sheet until December 31.

On December 7, the Commission issued its *Order Granting Certificate of Convenience and Necessity*, effective December 17. The order also directed the Staff of the Commission (Staff) to file a recommendation on Spire's proposed revised tariff sheet. On December 18, Staff filed its recommendation that the Commission approve, or allow to go into effect, the proposed revised tariff sheet. The Commission will do so.

To enable the tariff sheet to become effective on December 31, the Commission finds it reasonable for this order to be effective in less than 30 days.

THE COMMISSION ORDERS THAT:

1. The proposed revised tariff sheet, filed on October 2, 2023, and assigned Tracking No. JG-2024-0044, is approved to become effective on December 31, 2023.

The approved tariff sheet is as follows:

P.S.C. MO. No. 9
First Revised Sheet No. 21.15, Cancelling Original Sheet No. 21.15

2. This order shall be effective on December 31, 2023.
3. This file shall close on January 2, 2024.
