### ORDER ESTABLISHING TIME FOR RESPONSES

Issue Date: June 18, 2019 Effective Date: June 18, 2019

On June 18, 2019, The Empire District Electric Company filed a revision to its Solar Rebate Rider that will allow customers to receive the higher statutory rebate amount (\$0.50/watt) for systems achieving an operational date before June 30, 2019. The revised tariff carries a thirty-day effective date of July 18, 2019. Along with its tariff, Empire, joined by the Staff of the Commission, the Missouri Division of Energy, the Missouri Solar Energy Industries Association, and Renew Missouri Advocates, filed a request for expedited treatment. The Joint Applicants ask the Commission to approve the tariff on June 19, giving its order a ten-day effective date, and thereby approving the tariff to take effect on June 29, 2019.

The Commission will establish a time for the filing of responses to the proposed tariff and request for expedited treatment.
