RESRAM Rate for the Fifth Accumulation)
Period)

ORDER APPROVING RESRAM TARIFF FILING

Issue Date: January 10, 2024

Effective Date: February 1, 2024

On September 28, 2023, Union Electric Company d/b/a Ameren Missouri filed a proposed tariff sheet and supporting testimony to modify rates under its Renewable Energy Standard Rate Adjustment Mechanism (RESRAM). The tariff sheet bears an effective date of February 1, 2024. The Commission directed notice, set an intervention deadline, and ordered the Staff of the Commission (Staff) to file a recommendation.

On December 18, 2023, Staff recommended the Commission issue an order approving the tariff sheet. The prospective RESRAM rate is \$0.00204 charged to ratepayers. Ratepayers using 1,000 kWh per month will see a \$2.04 billing charge which is a \$1.69 increase per month when compared to the previous period RESRAM rate of \$0.00035 per kWh. Application of this rate will not exceed the annual rate cap pursuant to Section 393.1655 RSMo, (Supp. 2022). No parties responded to Staff's recommendation.

The Commission has reviewed the proposed tariff sheet and Staff's recommendation and memorandum, and the Commission finds the tariff sheet conforms to Commission Rule 20 CSR 4240-20.100. The Commission concludes that the proposed RESRAM adjustment tariff sheet should be approved. The Commission finds it reasonable to make this order effective in less than 30 days to allow the tariff sheet to go into effect on Ameren Missouri's requested date.

THE COMMISSION ORDERS THAT:

1. The following proposed tariff sheet filed on September 28, 2023, by Ameren Missouri, assigned Tracking No. JE-2024-0041, and bearing an effective date of February 1, 2024, is approved to become effective on February 1, 2024:

P.S.C. MO. No. 6

8th Revised Sheet No. 93.4, Canceling 7th Revised Sheet No. 93.4

2. This order shall be effective on February 1, 2024.

BY THE COMMISSION
