PROTECTIVE ORDER

Issue Date: July 17, 2019

Effective Date: July 17, 2019

On May 15, 2019, Union Electric Company d/b/a Ameren Missouri filed an application with the Missouri Public Service Commission seeking an order granting a Certificate of Convenience and Necessity (“CCN”) pursuant to section 393.170, RSMo 2016. The CCN would authorize Ameren Missouri to construct, own, and operate a wind generation facility to be constructed in Atchison County, Missouri.

On July 3, the Missouri Department of Conservation (“Conservation”) filed a motion for protective order seeking protection for certain highly detailed, site-specific information regarding sensitive species and natural community types in Missouri. Conservation normally treats that detailed information as confidential and provides it only if the person seeking the information signs a data-sharing agreement. Conservation seeks leave to designate that information as Confidential as permitted by the Commission’s confidential information rule, 4 CSR 240-2.135(3), and to require the completion of a non-disclosure agreement before that information is shared.

More than ten days have passed since Conservation filed its motion for protective order, and no one has opposed that motion.¹ The Commission finds Conservation's motion to be reasonable, and it will be granted.

The specific extra protections to be afforded to the information designated by Conservation as confidential are described in this order.

THE COMMISSION ORDERS THAT:

1. Information designated by the Missouri Department of Conservation as confidential shall be disclosed only to attorneys of record for all parties, to state agency parties and their employees covered by statutory confidentiality requirements, and to persons who complete the nondisclosure agreement attached to this order as Exhibit A.
2. This order shall be effective when issued.
