## **NOTICE CLOSING CASE**

Issue Date:     January 26, 2009

On August 28, 2008, the Commission opened this matter to consider amendments to the following Electric Utility Resource Planning Rules 4 CSR 240-22.010, 4 CSR 240-22.020, 4 CSR 240-22.040, 4 CSR 240-22.060, 4 CSR 240-22.070, and 4 CSR 240-22.080. The Commission also considered adopting Rule 4 CSR 240-22.090.

In November 2008, a statewide ballot initiative was passed that will require the use of renewable resources in the generation of electricity. The amendments and rule proposed in this matter are not fully compliant with that ballot initiative. Therefore, the Commission will close this case. When new rules and amendments have been drafted in response to the ballot initiative, a new rulemaking case will be opened.
