Question:0031

According to Evergy Missouri-West's Tariff for Special Rate for Incremental Load Service (Schedule SIL) Sheet No. 157 states: "Service under this tariff may not be combined with service under an Economic Development Rider, an Economic Redevelopment Rider, the Renewable Energy Rider, Community Solar program, service as a Special Contract, or be eligible for participation in programs offered pursuant to the Missouri Energy Efficiency Investment Act (MEEIA), or for participation in programs related to demand response or off-peak discounts, unless otherwise ordered by the Commission when approving a contract for service under this tariff". DR response 0022 states that Nucor is a participant in the Business Demand Response Program within Evergy West's MEEIA program. Please provide a detailed explanation as to why Nucor is participating in a MEEIA Demand Response Program. Jordan Hull (jordan.hull@psc.mo.gov)

Response:

Nucor has been taking service under the Special Rate for Incremental Load Service (SIL) tariff in 2019 and also participated in MEEIA Business Demand Response (BDR) starting in 2020. After review of both the SIL tariff and the BDR Program tariff, it appears the customer is eligible for both individually but not both tariffs at the same time per the language cited in the data request. The customer has been removed from the MEEIA BDR program effective in September 2023.
