Pursuant to Commission Rule 20 CSR 4240-4.017(1)(D), the Company also requests a waiver from the notice provisions of Rule 20 CSR 4240-4.017(1). In support of its application and request for a waiver, Spire states as follows:

1. Spire is a public utility and gas corporation incorporated under the laws of the State of Missouri, with its principal office located at 700 Market Street, St. Louis, Missouri 63101.
2. A Certificate of Good Standing evidencing Spire's standing to do business in Missouri was submitted in Case No. GF-2022-0169 and is incorporated by reference herein for all purposes. The information in such Certificate is current and correct.

3. Spire is engaged in the business of distributing and transporting natural gas to customers in Missouri as a gas corporation subject to the jurisdiction of the Commission. Spire provides gas service in Missouri to customers in the City of St. Louis and the Counties of St. Louis, St. Charles, Crawford, Jefferson, Franklin, Iron, St. Genevieve, St. Francois, Madison, Butler, Andrew, Barry, Barton, Bates, Buchanan, Carroll, Cass, Cedar, Christian, Clay, Clinton, Cooper, Dade, Dekalb, Greene, Henry, Howard, Jackson, Jasper, Johnson, Lafayette, Lawrence, McDonald, Moniteau, Newton, Pettis, Platte, Ray, Saline, Stone, and Vernon.

CERTIFICATE OF CONVENIENCE AND NECESSITY

6. Spire submits this Application for a CCN to construct, install, own, operate, maintain, and otherwise control and manage a natural gas system to provide natural gas service in

Cass County, Missouri, as a further expansion of its existing certificated area. Spire is seeking a CCN for Section 32, Township 46 North, Range 32 West of Cass County (“Section 32”) to serve additional commercial buildings.

7. ** [REDACTED] ** (the “Customer”) contacted Spire with a need for a distribution system extension to receive natural gas service in order to serve five additional Large General Service customers.

8. The legal description of the area is listed above. Attached as **Appendix 1** is a plat drawn to a scale of one-half inch (1/2") to the mile on maps comparable to county highway maps issued by the Missouri Department of Transportation or a plat drawn to a scale of two thousand feet (2,000') to the inch. Natural gas service is not currently offered by another unregulated or regulated entity in the area for which a CCN is being requested.

9. The Company proposes to apply the large general service effective rates in tariff sheet P.S.C. MO. No. 9 First Revised Sheet No. 4.3, to the customers until such rates may be changed by an approved tariff or Commission Order.

10. There are currently two homes between Spire’s existing main and ** [REDACTED] ** ** [REDACTED] ** that could be an opportunity to serve. These customers have not approached Spire at this time and are not included in any of the Company’s revenue or cost calculations. The addresses of these properties are listed in **Appendix 2**, which has been marked as Confidential pursuant to Commission Rule 20 CSR 4240-2.135(2)(A)1 because it contains information relating directly to potential specific customers.

11. Estimated revenues and construction costs associated with the initial main extension is shown in the feasibility study attached as **Appendix 3**, which has been marked as Confidential

pursuant to Commission Rule 20 CSR 4240-2.135(2)(A)3 and 4 because it contains information regarding market-specific information. No external financing will be required for construction related to this project.

12. Spire holds all necessary franchises and permits from municipalities, counties, or other authorities that are required for Spire to serve the subject areas. Documentation that provides assent from the Cass County Commission is attached as **Appendix 4**.

13. Attached as **Appendix 5** is a signed affidavit of Carla Politte, Manager of Large Commercial and Industrial Sales for Spire Missouri Inc, asserting that all information regarding this proposed CCN is accurate and truthful.

14. This CCN application is in the public interest because: (1) there is a need for service; (2) Spire is qualified to provide such service as an experienced operator of natural gas systems with the proven ability to provide safe, reliable, and adequate service in an efficient manner; (3) Spire has the financial ability to provide such service as an established natural gas utility operator; and (4) the project is economically feasible, as shown in Appendix 3. Spire is also the only utility in the immediate area of these customers and has adjacent sections in this county in its certificated area. For all the reasons set forth herein, Commission approval of this Application is required by the public convenience and necessity.

REQUEST FOR WAIVER FROM 60-DAY NOTICE RULE

15. Commission Rule 20 CSR 4240-4.017(1) provides, in part, as follows:

Any person that intends to file a case shall file a notice with the secretary of the commission a minimum of sixty (60) days prior to filing such case. Such notice shall detail the type of case and issues likely to be before the commission and shall include a summary of all communication regarding substantive issues likely to be in the case between the filing party and the office of the commission that occurred in the ninety (90) days prior to filing the notice.

16. Rule 20 CSR 4240-4.017(1)(D) permits a party to request a waiver of the above cited rule for good cause. The rule provision specifically provides that good cause may be established by submitting a verified declaration that the filing party has had no communication with the office of the commission within the prior one hundred fifty (150) days regarding any substantive issue likely to be in the case. The Company interprets this to mean that good cause is established if the filing party has had no communication with a member of the office of the Commission outside of pleadings or other public communications. Subject to that understanding, the Company has attached, as **Appendix 6**, the verified declaration of Julie Johnson that neither the Company, nor any person or entity acting on behalf of the Company, has had a communication with a member of the office of the Commission in the last 150 days regarding any substantive issues that are likely to arise in the case. For that reason, the Company requests that the Commission grant a waiver of the 60-day notice requirement for Spire Missouri's application for a CCN in Cass County.

WHEREFORE, Spire respectfully requests, for good cause shown, that the Commission waive the notice requirement of 20 CSR 4240-4.017(1), approve this Application, issue a CCN to Spire as set forth above and in the attached appendices, and grant such other and further relief as is just and proper under the circumstances.

Respectfully submitted,

/s/ J. Antonio Arias
