RULES AND REGULATIONS

MAY 20 1975

GOVERNING THE RENDERING OF SERVICE - Continued

45. Lawn, greenhouse, and garden sprinkling will be permitted through flexible hoses if equipped with hand or automatic nozzles. Underground lawn sprinklers and irrigation systems may be installed only under special approval by the company. Customer must furnish schematic drawing of the proposed pipe layout, together with valves, sprinkler heads, and appurtenances, including sizes and specifications.

46. The company reserves the right to alter or amend these rules and regulations in the manner provided by law.

FIRE PROTECTION

47. Water from fire hydrants or other fire fighting facilities shall be used only for fire fighting purposes.

48. The company shall have no greater duty, with regard to fire hydrant service or private fire fighting service, than to supply only such volumes of water at such pressures as may be available in the normal operation of the waterworks facilities.

49. Company shall not be considered an insurer of property or persons or to have undertaken to extinguish fire or to protect persons or property against loss or damage by fire or otherwise. In consideration of the level of charges for private fire fighting service, the company shall not be held liable for any amount in excess of 10% of the annual charge for private fire fighting service, as applicable, because of any claim based upon a loss resulting from failure to supply water or pressure or for any other cause.

50. Where metered service is provided to any customer, the company shall not be responsible for the quantities of water or pressures which may be available for any fire fighting facilities or purposes where the customer installs such facilities, or makes connections to his water system for such purposes, on the discharge side of the meter in his service line, and shall not be held liable for any claim based upon loss due to fire or fire fighting.
