FILING VIA EFIS

Dear Ms. Dale:

Enclosed for filing with the Missouri Public Service Commission ("Commission") on behalf of Missouri Gas Energy ("MGE" or "Company"), a division of Southern Union Company ("Southern Union"), please find in electronic format revised tariff sheets. Each of the revised sheets listed below bears an issue date of May 2, 2006 and a proposed effective date of June 2, 2006:

The revised tariff sheets are designed to implement a general rate increase for natural gas service provide by MGE in the amount of \$41,651,345, or 6.8%, based upon MGE's total test year recorded revenue, excluding gross receipts and sales taxes. The purpose of this filing is to recover the increased cost of providing service to customers. MGE has constructed significant new gas service facilities and other costs of providing service, including wages and bad debt expense have increased as well. Also, the per-customer usage assumed in the regulatory process of setting MGE's rates has not reflected actual customer usage patterns, which has been consistently declining. The resulting revenue shortfalls have caused MGE's earnings to fall well short of the level authorized by the Commission. Rates were last increased in October 2004.

Also provided in electronic format herein is the information required by 4 CSR 240-3.030(3)(B) and the direct testimony of the following witnesses: Robert J. Hack; Michael R. Noack, Carlton A. Ricketts; Frank J. Hanley; Russell A. Feingold; Ronald J. Amen; Michael J. Adams and Thomas J. Sullivan.

Two (2) copies of this filing are being furnished to the Office of Public Counsel.

Please bring this filing to the attention of the Commission and the appropriate Commission personnel. In addition, please forward copies of any Commission orders, notices, correspondence, or other material regarding this filing to:

Company may refuse or discontinue service if an inspection or test reveals leakage, escape or loss of gas on customer's premises. Company will not be liable for any loss, damage or injury whatsoever caused by such leakage, escape or loss of gas from customer's service line, yard line, ancillary lines, house piping, appliances or other equipment.

Deleted: Company may

The Company does not own, nor is it responsible for the repair or maintenance of any piping, vents, or gas utilization equipment on the delivery side of the gas meter, its related appurtenances and piping. All piping, vents or gas utilization equipment furnished by the owner/customer of the premises being served shall be suitable for the purposes hereof and the owner/customer of the premises shall be responsible for the repair and maintenance of such at all times in accordance with accepted practice and in conformity with requirements of public health and safety, as set forth by the properly constituted authorities and by the Company. As with any fixture or appurtenance within premises, piping, vents or gas utilization equipment can fail, malfunction or fall into disrepair at any time and as such the owner/customer of the premises being served shall be aware of this fact, and Company shall owe customer no duty to warn of potential hazards that may exist with such facilities on the delivery side of the gas meter, its related appurtenances and piping.

The owner/customer shall be responsible at all times for the safekeeping of all Company property installed on the premises being served, and to that end shall give no one, except the Company's authorized employees, contractors or agents, access to such property. The owner/customer of the premises being served shall be liable for and shall indemnify, hold harmless and defend the Company for the cost of repairs for damage done to Company's property due to negligence or misuse of it by the owner/customer or persons on the premises affected thereby.

The Company shall not be liable for loss, damage or injury to persons or property, in any manner directly or indirectly connected with or arising out of the delivery of gas through piping or gas utilization equipment on the delivery side of the meter, which shall include but not be limited to any and all such loss, damage or injury involving piping, vents or gas utilization equipment, whether inspected or not by the Company, or occasioned by interruption, failure to commence delivery, or failure of service or delay in commencing service due to accident to or breakdown of plant, lines, or equipment, strike, riot, act of God, order of any court or judge granted in any bonafide adverse legal proceedings or action or any order of any commission or tribunal having jurisdiction, or, without limitation by the preceding enumeration, any other act or things due to causes beyond Company's control, or attributable to the negligence of the Company, its employees, contractors or agents.
