

**BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI**

In the Matter of City Utilities of Springfield, Missouri	)	
Concerning a Natural Gas Pipeline Incident in the	)	<b><u>File No. GS-2024-0024</u></b>
Vicinity of South Charleston Avenue and East	)	
Republic Road in Springfield, Missouri	)	

**STATUS REPORT**

**COMES NOW** the Staff of the Missouri Public Service Commission, by and through counsel, in response to the Commission's August 10, 2023 *Order Opening File and Directing Filing*, and for its Status Report states:

1. On July 31, 2023, Staff of the Commission (Staff) filed a *Motion to Establish a Case* requesting the Commission open a file for investigation of a natural gas pipeline incident in Springfield, Missouri describing an incident that occurred on July 17, 2023, in the vicinity of South Charleston Avenue and East Republic Road, in an area served by the municipal gas system of City Utilities of Springfield ("CU").

2. On August 10, 2023, the Commission granted Staff's *Motion* and ordered Staff to file a report regarding the incident or a report on the status of its investigation no later than February 6, 2024.

3. On February 5, 2024, Staff filed its *Status Report* stating that Staff continues conducting discovery in this matter, and that CU had not yet completed its failure investigation as required by 20 CSR 4240-40.030(12)(L). Staff requested additional time for Staff to submit its investigative report and requested a due date of no later than April 8, 2024, to file a report regarding its investigation, or a report on the progress of Staff's investigation.

4. On February 5, 2024, a Commission *Order Extending Deadline to File Staff Investigative Report* was filed which ordered Staff to file its report regarding the

July 17<sup>th</sup> incident described in the body of the order – or a report on the status of its investigation – no later than April 8, 2024.

5. Staff's understanding is that CU has chosen a third-party to conduct a root cause analysis to determine the cause(s) of the incident as required by 20 CSR 4240-40.030(12)(L); however this work is not yet completed.

6. Staff continues conducting discovery in this matter and also has outstanding data requests in addition to those related to CU's ongoing failure investigation.

7. Staff requires additional time to review and analyze the information yet to be provided by CU before finalizing its investigation report. Staff will use this time to review CU's responses to Staff data requests, complete a draft report, submit its report to internal review, and receive and review CU's identification of confidential information and feedback on the report's facts section.

8. Staff requests a due date of no later than May 10, 2024, to file a report regarding its investigation, or a report on the progress of Staff's investigation.

**WHEREFORE**, for the above-stated reasons, Staff respectfully requests the Commission order Staff to file a report regarding its investigation, or a report on the status of Staff's investigation, no later than May 10, 2024, and for any other such order as the Commission deems just and reasonable under the circumstances.

Respectfully submitted,

**/s/ Carolyn H. Kerr**
