File No. GS-2024-0024

ORDER EXTENDING DEADLINE TO FILE STAFF INVESTIGATIVE REPORT

Issue Date: April 4, 2024

Effective Date: April 4, 2024

On August 10, 2023, the Commission issued an order establishing a case for purposes of receiving an investigative report from the Commission's Safety Engineering Department regarding an incident on July 17, 2023, involving the release and ignition of natural gas in Springfield, Missouri in an area serviced by the municipal gas system of City Utilities of Springfield (CU). The order directed the Staff of the Commission (Staff) to file an investigative report regarding the incident, or a status report, no later than February 6, 2024. On February 5, 2024, the Commission granted Staff's request to extend the deadline to April 8, 2024, due to CU not yet providing its failure investigation report to Staff.

On April 3, 2024, Staff filed a *Status Report* in which it stated that it has still not received CU's failure investigation. Consequently, Staff requested a further extension to file its investigative report, or a report on the status of the investigation.

The Commission will grant Staff's request.

THE COMMISSION ORDERS THAT:

1. Staff shall file its report regarding the July 17th incident described in the body of this order – or a report on the status of its investigation – no later than May 10, 2024.

2. This order shall be effective when issued.

BY THE COMMISSION
