

EO-2024-0244
Change of Supplier

I respectfully ask that the Commission grant an extension until June 3, 2024 for filing a response to why this matter shouldn't be dismissed.

I will be out of the Country for work purposes and conferences from April 25, 2024 through May 31, 2024, not allowing me the time needed to file a response back to any action of the matter being dismissed.

I will not have a reasonable amount of time prior to file a response and the Complainant under Commission rules, regulations and tariffs is allowed necessary time to file a response under Commission rules.

In addition during the time if any motions, answers, filings on this matter are recorded, I respectfully ask the Commission, Staff of the Commission, Respondents Evergy or Ameren during that time send any filings by any party to brett@hypercoremobileconsultantsllc.co.uk, therefore I get any status updates on the matter.
