Whitney Scurlock, Advisor to Commissioner Kolkmeyer

APRIL 10, 2024

12:00 – 1:00

Attending from the MPSC

Chair Hahn

Jamie Myers, Advisor to Chair Hahn

Attending from Ameren Missouri

Ryan Arnold, VP of Operations

Warren Wood, VP of Legislative & Regulatory

Steve Wills, Sr. Director of Regulatory

Gaye Suggestt, Manager of Regulatory Affairs

Gaye Suggestt thanked the Commissioners for this opportunity to meet to visit about pertinent topics.

Ryan Arnold gave an update of Ameren Missouri's Smart Energy Plan and discussed how these investments into infrastructure continue to improve reliability and resiliency for customers. He talked about customers benefiting from the investments through avoided outages, especially during storms. He stressed the importance Ameren Missouri places on preparation and planning for all types of weather. He noted the importance of good communications with customers especially during storms, and how we use outbound calls and targeted communications to help customers plan during outages. Mr. Arnold noted that AMI deployment is anticipated to be complete at the end of 2024.

Steve Wills talked about the changes in the utility industry which results in increased need to continue to file cases before the Commission. He said he understands the responsibility this places on everyone.

Warren Wood discussed some of the legislation that is currently being debated and contemplated by the General Assembly.
