Yes. It's the same thing from the same person. It looks like an email from Ms. Williams to her landlord. I responded to her yesterday. Not sure what else to do with it.

My lights need to be restored Meagan. I have contacted the Utility Regulatory Commission. They have stated that this is a company to company issue. I am not a corporation... A corp... Dead body... I am a living soul and this is depriving me of my liberties and this is a violation, for all have undeniable knowledge per my Affidavit of Reservations and Affidavit of Fact to show proof of claim that I am obligated to do any of these said things which again are all colorable.

My food will go bad if this company doesn't take accountability of being part of the corporate way of pushing fear and denying people of their sovereign rights.
