**Re: Case No. GR-2006-0422
Missouri Gas Energy**

Dear Ms. Dale:

Enclosed for filing with the Missouri Public Service ("Commission") on behalf of Missouri Gas Energy ("MGE" or "Company"), a division of Southern Union Company ("Southern Union"), please find in electronic format certain revised tariff sheets.

These tariff sheets are being filed to comply with the Commission's Report and Order issued in Case No. GR-2006-0422 on March 22, 2007, effective March 30, 2007. These compliance tariff sheets are designed to produce an increase in annual revenues of \$27,206,968, excluding gross receipts taxes, franchise fees or other similar fees or taxes.¹

Each of the revised tariff sheets listed below bears an issue date of March 28, 2007, and a proposed effective date of April 28, 2007, as provided by Commission Rule 4 CSR 240-3.260. MGE requests that these revised tariff sheets be permitted to take effect for service rendered on and after April 1, 2007, for good cause shown, all as explained in greater detail in the Motion for Expedited Consideration and Approval of Tariff Sheets Filed in Compliance with Commission Order on Less than Thirty Days' Notice also being filed herewith in electronic format.

The revised tariff sheets being filed herewith are as follows:

¹ MGE recognizes that the Commission Staff made a filing in this proceeding on March 28, 2007, indicating that the Staff had discovered a calculation error and that the annual revenue increase, when accurately calculated, would be \$27,417,738. MGE supports this Staff filing but is prepared to file tariff sheets in accordance with this amount should the Commission so order.

SHEET No. R-34
SHEET No. R-34

Missouri Gas Energy,
a Division of Southern Union Company

For: All Missouri Service Areas

GENERAL TERMS AND CONDITIONS FOR GAS SERVICE

3.19 COMPANY LIABILITY: Customer shall save Company harmless from all claims for trespass, injury to persons, or damage to lawns, trees, shrubs, buildings or other property that may be caused by reason of the installation, operation, or replacement of the service line, yard line and other necessary appurtenances to serve customer unless it shall affirmatively appear that the injury to persons or damage to property complained of has been caused by willful default or gross negligence on the part of Company or its accredited personnel.

Company may refuse or discontinue service if an inspection or test reveals leakage, escape or loss of gas on customer's premises. Company will not be liable for any loss, damage or injury whatsoever caused by such leakage, escape or loss of gas from customer's service line, yard line, ancillary lines, house piping, appliances or other equipment.

The Company does not own, nor is it responsible for the repair or maintenance of any piping, vents, or gas utilization equipment on the delivery side of the gas meter, its related appurtenances and piping. All piping, vents or gas utilization equipment furnished by the owner/customer of the premises being served shall be suitable for the purposes hereof and the owner/customer of the premises shall be responsible for the repair and maintenance of such at all times in accordance with accepted practice and in conformity with requirements of public health and safety, as set forth by the properly constituted authorities and by the Company. As with any fixture or appurtenance within premises, piping, vents or gas utilization equipment can fail, malfunction or fall into disrepair at any time and as such the owner/customer of the premises being served shall be aware of this fact, and Company shall owe customer no duty to warn of potential hazards that may exist with such facilities on the delivery side of the gas meter, its related appurtenances and piping.

The owner/customer shall be responsible at all times for the safekeeping of all Company property installed on the premises being served, and to that end shall give no one, except the Company's authorized employees, contractors or agents, access to such property. The owner/customer of the premises being served shall be liable for and shall indemnify, hold harmless and defend the Company for the cost of repairs for damage done to Company's property due to negligence or misuse of it by the owner/customer or persons on the premises affected thereby.

The Company shall not be liable for loss, damage or injury to persons or property, in any manner directly or indirectly connected with or arising out of the delivery of gas through piping or gas utilization equipment on the delivery side of the meter, which shall include but not be limited to any and all such loss, damage or injury involving piping, vents or gas utilization equipment, whether inspected or not by the Company, or occasioned by interruption, failure to commence delivery, or failure of service or delay in commencing service due to accident to or breakdown of plant, lines, or equipment, strike, riot, act of God, order of any court or judge granted in any bonafide adverse legal proceedings or action or any order of any commission or tribunal having jurisdiction; or, without limitation by the preceding enumeration, any other act or things due to causes beyond Company's control, or attributable to the negligence of the Company, its employees, contractors or agents.
