

Exhibit A

Vendor Letter from Mercy Medical Group

May 6, 2024

Dear Sir or Madam,

Mercy is committed to providing exceptional health care to all their communities. To help achieve this goal, we are improving the provider and patient medical services with new technology. This is aimed to refine safe, accurate information sharing, and educated HIPPA compliant communication between the hospital staff and departments to care for all customers.

To accomplish this, Mercy is requesting from Verizon, 1,000 contiguous DID numbers to be put into service as soon as possible. The range that is needed is 573-XXX-8000, as to not interfere with the already set dialing plan in service at this site. We have an expected date no later than May 30, 2024. If unable to acquire these adjoining numbers for Mercy Hospital Washington, it will impede the ability to deploy this new technology and hinder Mercy's objective of being a leader in providing safe and secure health care, for which we are known.

Mercy is committed to the care and safety of our customers and this new range of numbers will continue to help us achieve that effort. Our providers and customers expect a high-level of service and the contiguous numbers would strengthen Mercy's position in delivering the required expectations to all communities.

Site Location:

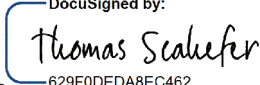

Mercy Hospital Cape Gir
1701 Lacey St
Cape Girardeau MO 63701

Rate Center: CAPEGIRARD lata 520
Site Name: MO HOS 1701 LaceySt
Trunk ID: 1353854635
Address ID: 1625705329
