File No. EO-2018-0038

ORDER GRANTING APPLICATION TO INTERVENE

Issue Date: December 8, 2017

Effective Date: December 8, 2017

On September 25, 2017, Union Electric Company d/b/a Ameren Missouri filed its 2017 Integrated Resource Plan, as required by the Commission's Electric Utility Resource Planning Rule, 4 CSR 240-22. The Empire District Electric Company applied to intervene on November 27, which is 42 days after the October 16 intervention date set by the Commission. Empire explains that it did not apply to intervene earlier because it became interested in this proceeding only after it filed its Customer Savings Plan for the Commission's approval. More than ten days have passed since Empire's application to intervene was filed and no one has responded to the application.

The Commission finds that allowing Empire to intervene will serve the public interest. The application to intervene was filed after the date established by the Commission, but allowing Empire to intervene will not disrupt the proceeding and is not opposed by any party. Therefore, in accordance with Commission rule 4 CSR 240-2.075(10), the Commission finds good cause to allow Empire's late intervention. Further, in accordance with Commission Rule 4 CSR 240-2.075(3), the Commission will grant the application to intervene.

THE COMMISSION ORDERS THAT:

1. The Application to Intervene of The Empire District Electric Company is granted.
2. This order shall be effective when issued.
