

**BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI**

<b>In the Matter of the Application of</b>	)	
<b>Midland Residential, LLC for a</b>	)	
<b>Variance from 20 CSR 4240-20.050</b>	)	<b>Case No. EE-2024-0335</b>
<b>Regarding</b>	)	
<b>Individual Electric Meters.</b>	)	

**Renewed Request for Expedited Treatment on July 3, 2024 Agenda**

COMES NOW Midland Residential, LLC (“Midland Residential” or “Applicant”), to respectfully request the Public Service Commission (“Commission”) to include matter EE-2024-0335 on its July 3, 2024 agenda for consideration. In support of this request, Midland Residential states the following:

1. In Applicant’s original application, Applicant stated that “Applicant moves for expedited treatment pursuant to 20 CSR 4240-2.080(14), requesting that the Commission act no later than May 20, 2024 to grant the variance, for the reasons stated below.”
2. Parties filed a Stipulation and Agreement on June 27, 2024, signed by Midland, Staff and Evergy to govern the Parties’ desire and intention to settle EE-2024-0335.
3. Staff has consulted with the Office of the Public Counsel (“OPC”), and the Stipulation and Agreement states that OPC does not object: “The Office of the Public Counsel has indicated that it does not object to this Stipulation and Agreement” (see footnote on the first page).
4. Applicant requests that the Commission consider this matter EE-2024-0335 on its July 3, 2024 agenda since the Stipulation and Agreement has been executed and since OPC does not object.

5. Waiting to consider matter EE-2024-0335 beyond July 3, 2024 on a future agenda further jeopardizes the timing of completion of the project and tenant move-in dates.

**WHEREFORE**, Applicant respectfully requests that the item be place on the July 3, 2024 agenda for consideration by the Commission. Applicant further requests the Commission to issue an order approving the Stipulation and Agreement subject to the specific terms and conditions contained therein and to determine that the Property is exempt from the individual meter requirement under 20 CSR 240-20.050 since the building was constructed prior to June 1, 1981 or, in the alternative, to grant the variance for good cause.

Respectfully submitted,
