## THE PROPOSED SALE TRANSACTION

7. On April 9, 2024, Ozark entered into an *Agreement for Purchase of the Spring Valley Water System* (“Agreement”) with MAWC. A copy of the Agreement is attached as **Appendix A**.

8. On April 1, 2024, Ozark passed Ordinance No. 24-030 (“Ordinance”) authorizing the mayor to enter into a contract with MAWC for the acquisition of the Spring Valley water system. The Ordinance is attached hereto as **Appendix B** and verifies the authority of the Mayor of the City of Ozark to enter into the *Agreement* and seek Commission approval of the transaction. **Appendix C** verifies the authority of Rich Svindland, the President of MAWC, to enter into the Agreement and seek Commission approval of the transaction.

9. Ozark seeks to acquire the Spring Valley Water System, which is partially located in the City of Ozark and partially located in unincorporated Christian County, and to operate the system and provide service to the public.

10. The assets to be sold by MAWC were among the assets MAWC acquired from Aqua Missouri, Inc., Aqua Development, Inc., and Aqua/RU, Inc. d/b/a Aqua Missouri, Inc. pursuant to approval granted by the Commission in Case No. WO-2011-0168. At that time, MAWC acquired water and sewer systems located in Cole, Callaway, Pettis and Morgan Counties, as well as water systems located in Barry, Benton, Christian, Greene, Stone and Taney Counties. The transaction was associated with the decision by Aqua to largely exit the state of

Missouri as a regulated utility.

11. The Spring Valley system is located within the City of Ozark's water service boundary and serves approximately 120 water accounts.

#### **ADDITIONAL INFORMATION**

12. The purchaser, Ozark, will not be subject to the jurisdiction of the Commission. Thus, no balance sheet or income statement is required by 20 CSR 4240-10.105(1)(E). . MAWC is a private entity. Any taxes that have been paid by it that are associated with the Spring Valley system would not be paid by Ozark (20 CSR 4240-10.105(1)(F).

#### **TARIFF/RATES**

13. Ozark proposes to utilize the following existing customer rates for Spring Valley:

##### **Within City Limits**

First 1000 gallons = \$12.50 (minimum charge)  
\$3.30 per 1000 gallons thereafter

##### **Outside of City Limits**

First 1000 gallons = \$18.75 (minimum charge)  
\$4.95 per 1000 gallons thereafter

#### **PUBLIC INTEREST**

14. The proposed transfer is in the public interest. The system would be acquired by Ozark and would continue to be operated and maintained in compliance with the Department of Natural Resources regulations related to water service. Ozark currently operates a complex storage and water distribution system and is a safe and reliable water source for its customers. Ozark is fully qualified in all respects, to own and operate the Spring Valley water system.

15. Moreover, MAWC and Ozark believe that the sale of the Spring Valley system allows the companies to align their resources appropriately. As such, this acquisition should drive further economies in operational costs.

## MOTION FOR WAIVER

16. Commission Rule 20 CSR 4240-4.017(1) requires “[a]ny person that intends to file a case shall file a notice with the secretary of the commission a minimum of sixty (60) days prior to filing such case.” Because they did not file such a notice within the time period prescribed by that rule, Ozark and MAWC seek a waiver of the 60-day pre-filing notice requirement.

17. Under Rule 20 CSR 4240-4.017(1)(D), a waiver of the pre-filing notice requirement may be granted for good cause. In this regard, Ozark and MAWC declare, as verified below, that they have had no communication with the Office of the Commission (as defined in 20 CSR 4240-4.015(10)) within the prior 150 days regarding any substantive issue likely to be in this case. Good cause for the requested waiver exists in accordance with Commission Rule 20 CSR 4240-4.017(1)(D) (“Good cause for waiver may include, among other things, a verified declaration from the filing party that it has had no communication with the office of the commission within the prior one hundred fifty (150) days regarding any substantive issue likely to be in the case....”).

18. Therefore, as authorized by Rule 20 CSR 4240-4.017(1)(D), Ozark and MAWC move for a waiver of the 60-day notice requirement and acceptance of this application at this time.

**WHEREFORE**, for the reasons previously stated, Ozark and MAWC respectfully request the Commission issue an order:

(A) Waiving the 60-day notice requirement of Rule 20 CSR 4240-4.017(1) for good cause shown;

(B) Authorizing Ozark and MAWC to enter into, execute, and perform, in accordance with the terms described in the Agreement attached to this Joint Application, and take any and all other actions that may be deemed necessary and appropriate to accomplish the purposes of the Agreement and the Joint Application, and to consummate related transactions in accordance with the Agreement;

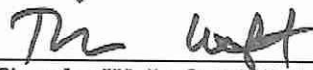

(C) Authorizing MAWC to sell and Ozark to acquire the water assets identified herein;  
and,

(D) Granting such other relief as may be deemed necessary and appropriate to  
accomplish the purposes of the agreements and the Joint Application and to consummate related  
transactions in accordance with the agreements.

Respectfully submitted,
