**Re: Substitute Tariff Schedule to Adjust FAC Rate of
Evergy Missouri West – Case No. ER-2024-0382 and EO-2024-0381**

Dear Ms. Dippell:

On June 28, 2024, Evergy Missouri West, Inc. d/b/a Evergy Missouri West or the “Company” filed proposed rate schedules to adjust charges related to the Company’s approved Fuel Adjustment Clause (“FAC”), Case No. ER-2024-0382 for the 34th accumulation period (“AP”). The Company also submitted an application containing its true-up for the 31st AP, Case No. EO-2024-0381.

Through inquiries during MPSC Staff’s review, and following discussions with both MPSC Staff and the Office of Public Counsel on July 23, 2024, the Company is making this substitute filing to remove an adjustment related to Winter Storm Uri of \$117,070 originally included for recovery. The revised proposed FAC charge for residential customers is a charge of \$0.00567 per kWh. Based on usage of 1,000 kWh per month, the customer will see a monthly charge of \$5.67. This represents a decrease of \$7.17 to an Evergy Missouri West residential customer’s monthly bill compared to the current monthly FAC charge of \$12.84. The proposed rate schedule bears an issue date of June 28, 2024, and an effective date of September 1, 2024.

This letter and supporting schedules are being submitted with this substitute filing in support of the changes described above.

Copies of the proposed FAC-related rate schedules and all supporting materials described in this letter will be served electronically, this date, on the Commission’s General Counsel, the Office of Staff Counsel, the Office of Public Counsel, and each party to Case No. ER-2022-0130.

Ms. Dippell
