

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of the Union Electric)	
Company d/b/a/ Ameren Missouri's Filing of)	File No. EO-2024-0231
its Renewable Energy Standard Compliance)	
Plan for 2024-2026)	

**NOTICE OF AMENDED 2023 RENEWABLE
ENERGY STANDARD COMPLIANCE REPORT**

COMES NOW Union Electric Company d/b/a Ameren Missouri ("Ameren Missouri" or "Company") and hereby submits its Amended 2023 Renewable Energy Standard Compliance Report. This Amended 2023 Renewable Energy Standard Compliance Report contains the changes recommended by the Missouri Public Service Commission Staff ("Staff") in its Report filed on May 30, 2024. These changes include:

- Missouri equivalent RECs listed in Tables 2 and 3 (RECs retired for 2023) are now listed in increments of 0.25 RECs rather than rounding to the nearest integer. This reflects with greater precision the impact of the 1.25 multiplier for in-state resources.
- The total REC requirement and the solar REC requirement are now rounded to the nearest 0.5 RECs as recommended by Staff.
- The Missouri jurisdictional revenue now includes only the revenue from electricity sales and excludes revenue from natural gas sales; and
- Revised Table 1 (total 2023 RECs created by utility-owned renewable resources) now shows the correct value of energy for the High Prairie and Atchison wind generation facilities.

Respectfully submitted,

/s/ William D. Holthaus, Jr.
