

Exhibit No. 8

February 7, 2020

Mr. Morris Woodruff
Secretary of the Commission
Missouri Public Service Commission
200 Madison Street, Suite 100
Jefferson City, MO 65102-0360

Dear Mr. Woodruff:

The tariff sheet listed below issued by Union Electric Company d/b/a Ameren Missouri (Ameren Missouri or the Company) was filed as a revision of Schedule No. 6, Schedule of Rates for Electricity, on February 7, 2020:

<u>Filed</u>	<u>Canceling</u>
1st Revised Sheet No. 242	Original Sheet No. 242

This tariff sheet is being issued February 7, 2020 to become effective on and after March 8, 2020.

The proposed tariff revision expands the availability of the MEEIA Residential Single Family Low-Income Program to include attached dwellings of four (4) or fewer units.

The proposed language was shared with MEEIA Stakeholders, including Staff, prior to filing and no revisions to the language were suggested.

Sincerely,

Paula N. Johnson

Paula N. Johnson
Senior Corporate Counsel

MO.P.S.C. SCHEDULE NO. 61st Revised SHEET NO. 242CANCELLING MO.P.S.C. SCHEDULE NO. 6Original SHEET NO. 242APPLYING TO MISSOURI SERVICE AREA**ENERGY EFFICIENCY MEEIA 2019-21****Residential Single Family Low-Income Program****PURPOSE**

The objective of the Single Family Low-Income Program (Program) is to deliver long-term energy savings and bill reductions to residential single family low-income customers. This will be achieved through a variety of channels to educate customers about energy use in their homes and to offer information, products and services to residential customers to save energy wisely. This allows the customer to identify and initiate the process of installing long-term energy efficiency upgrades and practices.

*** AVAILABILITY**

The Program is available for the Program Period to:

1. Qualifying single family low-income customers receiving service under the Residential Service Rate 1(M) residing in single family detached housing, attached dwellings of four (4) or fewer units, and mobile homes (wood-frame bolted to steel chassis, designed to be transported); or
2. Organizations who perform qualified installations or distributions to homes of qualified low-income residential end users may participate in this Program by making application for a low-income efficiency housing grant.

In order to qualify for participation, low-income Participants must meet one of the following income eligibility requirements:

1. Participation in federal, state, or local subsidized housing program.
2. Proof of resident income levels at or below 80% of area median income (AMI) or 200% of federal poverty level.
3. Fall within a census tract included on Company's list of eligible low-income census tracts.

PROGRAM DESCRIPTION

The Company will hire a Program Administrator to implement this Program. The Program Administrator will provide the necessary services to effectively implement the Program and to strive to attain the energy savings targets. The Program Administrator will provide one-on-one energy education and install a comprehensive package of whole house energy saving Measures at no or low cost to customer. Incentives under this Program will be provided toward individually metered homes in neighborhoods served and selected by Company or approved low-income efficiency housing grant organizations. In some instances, an individual home may be referred to the Program by a qualified low-income assistance agency. The Program Administrator may partner with other utilities (i.e. gas and water utilities) to create synergies. Participants in selected low-income neighborhoods are limited to the one-time receipt of energy efficiency Measures under this Program. Measures installed pursuant to the Program (excluding Low-Income Efficiency Housing grants) are not eligible for Incentives through any of the Company's other energy efficiency or demand response programs.

*Indicates Change.
