STAFF'S REQUEST FOR AN EXTENSION

COMES NOW the Staff of the Missouri Public Service Commission ("Staff") and for its request for extension states:

On July 1, 2024, Spire Missouri Inc. (Spire Missouri) filed proposed revisions to its Weather Normalization Adjustment Rider (WNAR) tariff sheet assigned Tracking Number JG-2025-0003. Spire Missouri projected that the changes to the WNAR tariff sheet will increase the monthly bill of the average Spire East residential customer by \$2.83 per month. For the average Spire West residential customer, the increase is \$1.90 per month. The tariff sheet bears a September 1, 2024, effective date. On July 2, 2024, the Commission ordered Staff to file a recommendation no later than August 2, 2024, with responses to the application or Staff's recommendation due no later than August 8, 2024.

Staff respectfully requests an extension of its deadline to August 7, 2024, because of the press of business and, specifically, the number of rate cases now pending before the Commission.

WHEREFORE, Staff respectfully prays for the relief stated in the premises and for such other orders as the Commission deems necessary and appropriate.

Respectively Submitted,

/s/ Paul T. Graham
