

Southwestern Bell Telephone  
Company d/b/a AT&T Missouri

PAYPHONE EXCHANGE ACCESS SERVICE

34.1 GENERAL

Beginning June 1, 2021, new orders for these services will no longer be accepted. Current subscribers may keep their service at its existing location. The Company currently plans to discontinue this service on, or after June 1, 2025. (CP)  
|  
(CP)

34.1.1 Payphone Exchange Access Service is offered for use with pay telephones and public facsimile devices. This service includes coin, coinless, cordless, card reader or a combination of a coin/card reader instrument.

Payphone Exchange Access Service is furnished to payphone service providers opting to provide a means for the general public, transients and/or collective groups to place local and/or toll calls. Normally, locations for Payphone Exchange Access Service include, but are not limited to, restaurants, convenience stores, hospitals, educational institutions, truck stops, etc.

All attachments of pay telephones to the network must be made pursuant to the rules and regulations set forth in this tariff and the Guidebook.(1)

34.1.2 Payphone Exchange Access Service is a two-way or, optionally, one-way originating only business exchange access line composed of the serving central office line equipment, all outside plant facilities needed to connect the serving central office with the customer's premises and the network interface. These facilities are Telephone Company-provided and maintained and provide access to and from the telecommunications network for long distance service and local calling. 1+ 900 call restriction is provided at no additional charge.(2)

34.1.3 Selective Class of Call Screening will be provided where such facilities are available at the payphone service provider's option. Selective Class of Call Screening treatment restricts outgoing operator-handled calls, placed over the Telephone Company's network, as described in paragraph 34.4.2.A. The Telephone Company will not be responsible for screening those calls placed over the network of any carrier other than the Telephone Company or placed through non-local exchange telephone company operators.(1)(3)

The specific Selective Class of Call Screening type is chosen by the payphone service provider from those shown in paragraph 34.4.2.A. No variation, alteration or refashion of the screening codes, billing restrictions, applicable access or other general provision of this Selective Class of Call Screening treatment will be permitted.

34.1.4 Billed Number Screening will be provided at the payphone service provider's option at no additional charge. Billed Number Screening restricts collect calls and bill to third number calls placed over the Telephone Company's network from being billed to the pay telephone account.

(1) Not applicable to the public facsimile device.

(2) 1+ 900 call restriction restricts calls to these pay-per-call information services to only those calls which are alternately billed.

(3) Selective Class of Call Screening is not available in conjunction with SmartCoin access lines.

No supplement to this tariff will be issued except for the purpose of canceling this tariff.

(CT) PAYPHONE EXCHANGE ACCESS SERVICE

34.1 GENERAL

(CT) 34.1.1 Payphone Exchange Access Service is offered for use with pay telephones and public facsimile devices. This service includes coin, coinless, cordless, card reader or a combination of a coin/card reader instrument.

Payphone Exchange Access Service is furnished to payphone service providers opting to provide a means for the general public, transients and/or collective groups to place local and/or toll calls.

(CT) Normally, locations for Payphone Exchange Access Service include, but are not limited to, restaurants,  
(RT) convenience stores, hospitals, educational institutions, truck stops, etc.

(CT) All attachments of pay telephones to the network must be made pursuant to the rules and regulations set  
(FC) forth in this tariff.(1)

(CT) 34.1.2 Payphone Exchange Access Service is a two-way or, optionally, one-way originating only business  
exchange access line composed of the serving central office line equipment, all outside plant facilities  
needed to connect the serving central office with the customer's premises and the network interface.  
These facilities are Telephone Company-provided and maintained and provide access to and from the  
telecommunications network for long distance service and local calling. 1+ 900 call restriction is  
(FC) provided at no additional charge.(2)

(RT) 34.1.3 Selective Class of Call Screening will be provided where such facilities are available at the payphone  
service provider's option. Selective Class of Call Screening treatment restricts outgoing operator-handled  
calls, placed over the Telephone Company's network, as described in paragraph 34.4.2.A. The Telephone  
Company will not be responsible for screening those calls placed over the network of any  
(MT)(CT) carrier other than the Telephone Company or placed through non-local exchange telephone company  
(FC) operators.(1)(3)

(CT) The specific Selective Class of Call Screening type is chosen by the payphone service provider from  
those shown in paragraph 34.4.2.A. No variation, alteration or refashion of the screening codes, billing  
restrictions, applicable access or other general provision of this Selective Class of Call Screening  
treatment will be permitted.

(CT) 34.1.4 Billed Number Screening will be provided at the payphone service provider's option at no additional  
charge. Billed Number Screening restricts collect calls and bill to third number calls placed over the  
(RT) Telephone Company's network from being billed to the pay telephone account.

- (RT)  
(FC) (1) Not applicable to the public facsimile device.  
          (2) 1+ 900 call restriction restricts calls to these pay-per-call information services to only those calls which are  
          alternately billed.  
(FC) (3) Selective Class of Call Screening is not available in conjunction with SmartCoin access lines.

(CT) PAYPHONE EXCHANGE ACCESS SERVICE

34.1 GENERAL - (Continued)

34.1.5 Answer Supervision-Line Side provides "off-hook" supervisory signals to customer premises equipment. These signals originate from the called party's serving central office (terminating office) to a line interface at the calling party's serving central office (originating office). This provides the signaling necessary to allow billing to begin. This feature is not compatible with the Call Waiting, Speed Calling, and Three-Way Calling features when provided with Selective Class of Call Screening. Answer Supervision is an optional service.(1) This feature is available where appropriate Telephone Company facilities exist.

(CT) 34.1.6 SmartCoin<sup>sm</sup> service is offered, at the payphone service provider's option, where the necessary facilities are available. SmartCoin access lines may be provided as either two-way or one-way originating only access lines. With the exception of Dial Tone First and Answer Supervision-Line Side, the services included on SmartCoin access lines apply only on local and intraLATA toll calls that are handled by the Telephone Company.

(RT)(AT)  
|  
(AT)

(CT) As an option, the payphone service provider may request Customer Billing Reports which will provide additional information regarding sent paid calls originating from the SmartCoin access line. This report will include details of all Telephone Company handled sent paid calls with the exception of local calls which do not require the assistance of an operator. This Customer Billing Report is provided subject to the rules specified in Section 13 of this tariff at rates applicable to toll reports as specified in paragraph 13.23.3.

(CT) A telephone number change may be required when an existing Payphone Exchange Access Service access line is converted to a SmartCoin access line.

(CT) When subscribing to SmartCoin, the payphone service provider is responsible for arranging for proper handling of coin calls by their chosen carrier or their carrier's agent.

(CT) The Telephone Company will not be liable for shortages of coins collected and deposited at the payphone equipment.

(CT) Calls placed from Payphone Exchange Access Service access lines equipped with the SmartCoin feature will be rated as follows:

(RT) A. Sent paid local calls which do not require the assistance of an operator will be rated by the pay telephone set. The Telephone Company network will receive a signal from the pay telephone set indicating that the local rate has been satisfied.

(CT) B. Operator handled sent paid local calls will be rated to the end user at the price established by the payphone service provider.

(1) Answer Supervision equivalent functionality is included at no additional charge with SmartCoin service.

CUSTOMER-OWNED PAY TELEPHONE SERVICE

DEC 23 1993

34.1 GENERAL - (Continued)

MISSOURI  
Public Service Commission

34.1.4 In the case of one-way Customer-Owned Pay Telephone treatment will be provided.

(CT) 34.1.5 Customer-Owned Pay Telephones and public facsimile devices must be connected to a Customer-Owned Pay Telephone Access Line, at rates specified in Paragraph 34.4.1. A maximum of one Customer-Owned Pay Telephone or public facsimile device may be connected to a Customer-Owned Pay Telephone Access Line.

(RT) 34.1.6 Wherever available, Selective Class of Call Screening must be provided on all Customer-Owned Pay Telephone Service Exchange Access Lines. Any customer who offers Customer-Owned Pay Telephone Service where Selective Class of Call Screening is not available, nonetheless assumes full and complete responsibility for all calls billed to his line.

34.1.7 Section 17 of this tariff, "Rules and Regulations Applying to all Customer Contracts," is applicable to the provision of Customer-Owned Pay Telephone Service.

34.1.8 Directory listings may be provided under the regulations governing the furnishing of listings for business subscribers.

34.1.9 For Customer-Owned Pay Telephone Service, a network interface will be installed at a location determined by the Telephone Company which is accessible to the customer. The normal location would be in close proximity to the protector or equivalent.(1)

The network interface is the point of connection with the telecommunications network and is the termination of the Customer-Owned Pay Telephone Exchange Access Line. It is a Telephone Company-provided jack or its equivalent.(1)

CANCELLED

34.2 RESPONSIBILITY OF THE CUSTOMER

34.2.1 The customer shall be responsible for the installation and maintenance of the customer-provided pay telephone or public facsimile device used in connection with this service.

CUSTOMER-OWNED PAY TELEPHONE SERVICE

NOV 18 1996

(RT) 34.2 RESPONSIBILITY OF THE CUSTOMER

(MT) 34.2.1 The customer shall be responsible for the installation, operation and maintenance of the customer-provided pay telephone or public facsimile device used in connection with this service. MISSOURI Public Service Commission

34.2.2 The customer shall be responsible for the payment of a Customer-Owned Equipment Trouble Isolation Charge as provided in Section 16 of this tariff for visits by a Telephone Company employee to the customer's premises when a service difficulty or trouble report results from the use of customer-provided pay telephone or public facsimile device, even if the service difficulty is reported by persons other than the customer.

34.2.3 Enclosures, found in Section 18 of this tariff, will be offered under the same conditions as those for Semi-Public customers to those with customer-provided pay telephone. This offering is part of the Customer-Owned Pay Telephone Service offering.(1)

Where portions of an existing Public or Semi-Public installation such as shelves, enclosure, etc. (excluding Company-Owned coin telephone instruments), are left in place and desired for purchase by the Customer-Owned Pay Telephone customer, charges will be quoted upon request.(1)

(CT) 34.2.4 The customer shall sign a service indemnification agreement.

(RT)

(RT) (AT) 34.2.5 Customers who elect not to subscribe to Billed Number Screening, as described in paragraph 34.1.4 preceding, will be fully responsible for all collect calls and third number billed calls which are billed to customer's exchange access line. The Telephone Company shall have no responsibility to adjust any such charges and/or release customer from paying such charges. Customer will hold the Telephone Company harmless from and against any liability or loss resulting from all such collect calls and third number billed calls.

34.2.6 Customers who elect not to subscribe to Selective Class of Call Screening, as described in paragraph 34.1.3 preceding, will be fully responsible for all calls billed to customer's exchange access line. The Telephone Company shall have no responsibility to adjust any such charges and/or release customer from paying any such chages. Customer will hold the Telephone Company harmless from and against any liability or loss resulting from all calls billed to customer's exchange access line.
