ORDER SETTING PROCEDURAL SCHEDULE

Issue Date: September 30, 2011

Effective Date: September 30, 2011

On September 29, 2011, AG Processing, Inc., on behalf of all the parties, filed a Proposed Procedural Schedule and Conditions for Scheduling Order. The Commission finds the proposal reasonable, and, with certain additions, will grant it.

THE COMMISSION ORDERS THAT:

1. The Proposed Procedural Schedule is granted, except as amended below.
2. The parties are directed to comply with the conditions set out in this order.
3. The following procedural schedule is adopted:

Direct Testimony	October 21, 2011
Rebuttal Testimony	November 18, 2011
Surrebuttal Testimony	December 16, 2011
List of Issues, Order of Witnesses, Order of Cross-Examination	December 20, 2011
Statements of Position	December 27, 2011
Evidentiary Hearing	January 5-6, 2012 8:30 a.m.

4. The evidentiary hearing shall be held at the Commission's offices in the Governor Office Building, 200 Madison Street, Room 310, Jefferson City, Missouri. The

Governor Office Building meets accessibility standards required by the Americans with Disabilities Act. Any person who needs specific accessibility accommodations may call the Public Service Commission's Hotline at 1-800-392-4211 (voice) or Relay Missouri at 711 prior to the hearing.

5. All parties shall provide copies of testimony (including schedules), exhibits and pleadings to other counsel by electronic means and in electronic form essentially concurrently with the filing of such testimony, exhibits or pleadings where the information is available in electronic format. Parties shall not be required to put information that does not exist in electronic format into electronic format for purposes of exchanging it. Electronic materials shall not be provided in any form that prevents forwarding or further electronic distribution of those materials.

6. An effort should be made to not include in data request questions either highly confidential or proprietary information. If either highly confidential or proprietary information must be included in data request questions, the highly confidential or proprietary information should be appropriately designated as such pursuant to 4 CSR 240-2.135.

7. Counsel for each party shall receive electronically from each other party, an electronic copy of the text of all data request "descriptions" served by that party on another party in the case contemporaneously with service of the request. If the description contains highly confidential or proprietary information, or is voluminous, a hyperlink to the EFIS record of that data request shall be considered a sufficient copy. If a party desires the response to a data request that has been served on another party, the party desiring a copy of the response must request a copy of the response from the party answering the data request – in this manner the party providing a response to a

data request has the opportunity to object to providing the response to another party and is responsible for copying information purported to be highly confidential or proprietary – thus, if a party wants a copy of a data request response by GMO to a Staff data request, the party should ask GMO, not the Staff, for a copy of the data request response unless there are appropriate reasons to direct the discovery to the party originally requesting the material. Data requests, objections, or notifications respecting the need for additional time to respond shall be sent via e-mail to counsel for the other parties. Counsel may designate other personnel to be added to the service list but shall assume responsibility for compliance with any restrictions on confidentiality. Data request responses will be served on counsel for the requesting party and on the requesting party's employee or representative who submitted the data request and shall be served electronically, if feasible and not voluminous as defined by Commission rule.

8. Until the filing of rebuttal testimony, the response time for all data requests shall be 20 calendar days, and 10 calendar days to object or notify that more than 20 calendar days will be needed to provide the requested information. After the filing of rebuttal testimony, the response time for data requests shall be 10 calendar days to provide the requested information, and 5 calendar days to object or notify that more than 10 calendar days will be needed to provide the requested information.

9. Workpapers that were prepared in the course of developing a witness' testimony should not be filed with the Commission but should be submitted to each party within 2 business days following the filing of the particular testimony without further request. Workpapers containing highly confidential or proprietary information should be appropriately marked. Since workpapers for certain parties may be voluminous and generally not all parties are interested in receiving workpapers or a

complete set of workpapers, a party shall be relieved of providing workpapers to those parties indicating that they are not interested in receiving workpapers or a complete set of workpapers. Counsel shall undertake to advise other counsel if the sponsored witness has no workpapers related to the round of testimony.

10. Where workpapers or data request responses include models or spreadsheets or similar information originally in a commonly available format where inputs or parameters may be changed to observe changes in inputs, if available in that original format, the party providing the workpaper or response shall provide this type of information in that original format. Electronic materials shall not be provided in any form that prevents forwarding or further electronic distribution of those materials.

11. The Commission waives 4 CSR 240-2.045(2) and 2.080(11) with respect to prefiled testimony and other pleadings, and shall treat filings made through the Commission's Electronic Filing and Information System (EFIS) as timely filed if filed before midnight on the date the filing is due.

12. Documents filed in EFIS are considered properly served by serving the same on counsel of record for all other parties via e-mail essentially contemporaneously with the EFIS filing.

13. This order shall become effective upon issuance.
