APPLICATION OF TARIFF

This tariff contains the regulations and rates applicable to the provision of telecommunications services offered by Excel Telecommunications, Inc. (hereinafter referred to as "Excel" or the "Company") between and among points within the State of Missouri. Some portions of the services offered by the Company are subject to the jurisdiction of the Federal Communications Commission. This schedule only covers the portion of long distance service that is subject to the Missouri Public Service Commission. The Company does not actively offer in-state intraLATA local toll long distance as a stand-alone service. In-state long distance and intraLATA toll are offered as components of an interstate rate plan. As such, Customers are subject to the rates, terms and conditions applicable to a Customer's designated interstate rate plan, irrespective of whether the customer presubscribes to Excel for interstate services.

- A. **Sheet Numbering** - Sheet numbers appear in the upper right corner of the sheet. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. **Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each sheet. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised sheet 14 cancels the 3rd revised sheet 14.
- C. **Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2
- 2.1
- 2.1.1
- 2.1.1.A
- 2.1.1.A.1

- 2.1.1.A.1.(a).I
- 2.1.1.A.1.(a).I.(i)
- 2.1.1.A.1.(a).I.(i).(1)

- D. **Check Sheets** - When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the pages contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some sheets.) The tariff user should refer to the latest Check Sheet to find out if a particular page is the most current on file with the Commission.

REC'D DEC 23 1999

2.14 Advance Payments and Deposits

2.14.1 Advance Payments

Company may require a Customer to make an advance payment before services are furnished. The advance payment will not exceed an amount equal to two-months estimated charges, as determined by Company. The advance payment will be credited to the Customer's bill. An advance payment may be required in addition to a deposit.

2.14.2 Deposits

Company may require a Customer to make a deposit to be held as a guarantee for the payment of charges. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. A deposit may be required in addition to an advance payment. The deposit will not exceed an amount equal to:

- (A) Two (2) month's charges for a service which has a minimum payment period of one month; or
- (B) The charges that would apply for the minimum payment period for a service or facility which has a minimum payment period of more than one month; except that the deposit may include an additional amount in the event that a termination charge is applicable.

When a service is discontinued, the amount of a deposit, if any, will be applied to the Customer's account and any credit balance remaining will be refunded. Upon discontinuance or termination of service, the deposit shall be credited, with accrued interest, to the charge stated on the final bill and the balance, if any, shall be returned to the customer within twenty-one (21) days of the rendition of such final bill.

The Company will pay an interest rate on residential deposits which is equal to a rate of one percent (1%) above the prime lending rate as published in the Wall Street Journal for the last business day of September of each year. This rate will be adjusted annually October 1 of each year.

Customers whom the Company believes present a credit risk may also be required, a any time, to provide other assurances of, or security for, the payment of the Company's charges for its services as the Company may deem necessary, including without limitation, advance payments for Service, third party guarantees or payments pledges or other grants of security interest in the Customers' assets, and similar arrangements. The required deposits or other security may be increased or decreased by the Company as it deems appropriate in the light of changing conditions. N

3.2.12 Rules for Providing Operator Services

The Company will comply with the following rules regarding the provision of operator services in the State of Missouri.

MISSOURI
PUBLIC SERVICE COMMISSION

1. Carrier will not bill for incomplete calls where answer supervision is available. Carrier will not bill for incomplete calls and will remove any charge(s) for incomplete calls upon (i) subscriber notification or (ii) Carrier's knowledge.
2. The caller and billed party, if different from the caller, will be advised that Carrier is the operator service provider at the time of the initial contact.
3. Rate quotes will be given upon request, at no charge, including all rate components and any additional charges.
4. Only tariffed rates approved by this Commission for carrier shall appear on any local exchange company (LEC) billings.
5. Carrier shall be listed on the LEC billing if the LEC has multicarrier billing ability.
6. Carrier will employ reasonable calling card verification procedures which are acceptable to the companies issuing the calling cards.
7. Carrier will route all 0- or 00- emergency calls in the quickest possible manner to the appropriate local emergency service provider, at no charge.
8. Upon request, Carrier will transfer calls to other authorized interexchange carriers or to the LEC, if billing can list the caller's actual origination point.
9. Carrier will refuse operator services to traffic aggregators which block access to other carriers.
10. Traffic aggregators will post and display information including (1) that Carrier is the operator service provider; (2) detailed complaint procedures; and (3) instructions informing the caller on procedures to reach the LEC operator and other authorized interexchange carriers.

SECTION III - DESCRIPTION OF SERVICES, (Cont'd)

OCT 11 1996

3.3 Calculation of Distance

3.3.1 Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call.

3.3.2 The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers.

3.3.2.A Formula:
$$\sqrt{\frac{(V1-V2)^2 + (H1-H2)^2}{10}}$$

3.4 Minimum Call Completion Rate

3.4.1 Customers can expect a call completion rate of 98% during peak use periods for all Feature Group D Equal Access 1+ and 0+ Services. The call completion rate is calculated as the number of calls completed (including calls completed to a busy line or to a line which remains unanswered by the called party) divided by the number of calls attempted.

3.5 Timing of Calls

3.5.1 Billing Increments

3.5.1.A **ExcelPLUS, ExcelPLUS II, Prepaid, Operator, Excel Calling Card, and My 800 Services:** Each call completed will have an initial minimum of one minute and any time beyond that minimum will be billed in addition using one minute using one minute increments, rounded up to the next whole minute. If the computed charge includes a fraction of a cent, the fraction is rounded up to the next whole cent.

3.5.2 Rate Period Overlap

3.5.2.A For messages which overlap into more than one rate period, the rate in effect for each rate period for each portion of the call is applicable.

3.5.2.B Subject to the billing increments set forth in this tariff, plus any additional charges which may apply, long distance usage charges are based on the actual usage of Excel's network. Usage begins when the called party picks up the receiver. When the called party picks up timing is determined by hardware answer supervision. Chargeable time ends when either party "hangs up" thereby releasing the network connection. Excel does not bill for uncompleted calls.

4.1.11 PREPAID SERVICE

The service enables callers to place calls using Excel Telecommunications, Inc. Public Service Commission Missouri on a prepaid basis. Customers subscribe to the service by purchasing a prepaid card from an authorized Excel representative. Access to the service is available seven (7) days per week, twenty four (24) hours per day. Charges for telephone calls will be deducted from the Customer's prepaid account balance. Prepaid calling cards will be valid until the Customer's prepaid balance is depleted. Customers access the Company's network using a 1-800 access code arrangement. A voice prompt will instruct the caller to dial the called telephone number and authorization code displayed on the card.

Prepaid Service is provided to the holder of the card and is available in all locations throughout the State. Customers must maintain a sufficient balance to cover the cost of the call in process. Failure of the card holder to maintain a positive balance may result in the disconnection of a call in process; an announcement will advise the caller one minute prior to the disconnection of the call. Under some arrangements, callers may utilize a commercial credit card to increase a prepaid balance or renew the prepaid card.

Call duration will be measured in whole minute increments, unless otherwise specified. Credit for interruptions are limited to one minute; no other refunds, credit, or other remittances shall be permitted. All applicable state and federal taxes and fees, including, but not limited to, sales tax, gross receipts tax, municipal tax, and other similar assessments are the responsibility of the card holder. Such charges may be deducted from the Customer's prepaid calling card balance. Prepaid calling cards are provided at the unit prices and fees set forth herein.

Calls placed using Prepaid Calling Card Service are charged against the card holder's balance at a rate of \$.29 per minute.

4.9 Excel Operator Services

The Company's Operator Services is available throughout the State of Missouri. Callers access the Company's Operator Services by dialing 0+ a 10 digit telephone number, 00 or a Company-provided access code or other Company-authorized access method plus the telephone number of the called station. Upon receipt of the call, the Company may verify the credit-worthiness of the designated billed party. When a payment method cannot be validated, or is unacceptable, callers may be required to select an alternative and acceptable means of payment. Total charges for use of this service include usage charges and an Operator Assistance Service Charge, as set forth below. An Operator Dialed Service Charge also applies to calls in which the caller has the capacity to dial the number, but has the operator dial instead. Usage charges are based upon the duration of a call, and are flat per minute based, 24 hours per day, 7 days per week, during all Time-of-Day Rate Periods. The Time-of-Day Rate Periods are defined as follows:

- **Day Rates** are applicable to calls placed Monday through Friday from 8:00 AM to, but not including, 5:00 PM.
- **Evening Rates** are applicable to calls placed Sunday through Friday from 5:00 PM to, but not including, 11:00 PM; and on Carrier Recognized Holidays, unless a lower rate would normally apply.
- **Night/Weekend Rates** are applicable to calls placed Sunday through Friday from 11:00 PM to, but not including, 8:00 AM the following day, and all day Saturday.

Chargeable time begins when the Company receives signaling to detect that the network connection between the calling station and the called station has been established. Chargeable time ends when either party "hangs up" thereby releasing the network connection. For collect calls, chargeable time begins when the called station accepts responsibility for payment of the charges associated with the call. All calls are measured and billed in one minute increments; fractional minutes of use are rounded up to the next full minute.

4.9 Excel Operator Services - (Continued)

MO. PUBLIC SERVICE COMMISSION

4.9.1 Operator Assistance Service Charges and Surcharge Descriptions:

A Service Charge is applicable to Customer Dialed (Automated) Calling Card Station, Operator Assisted Calling Card Station, Operator Station-to-Station (including Sent Paid, Sent Collect, Third Number Billed or Calling Card), Person-to-Person (including Sent Paid, Sent Collect, Third Number Billed or Calling Card) and for Busy Line Verifications and Busy Line Interruptions. These charge(s) are in addition to the initial period and additional period per minute usage charges applicable to each call. When a call is subject to more than one Service Charge, only the highest Service Charge applies, unless indicated otherwise herein. Operator Assistance Service Charges vary depending upon the billing option selected by the caller. The following call placement options are available:

- a. Operator Station-to-Station - refers to when an end user requests operator assistance in reaching a telephone number and is willing to talk to anyone who answers. The call may be billed as Sent Paid (calling party pays for the call), Sent Collect (called party pays for the call), or may be billed to a Third Party Number or Calling Card. Sent Collect and Third Number Billed calls may not be allowed in locations where the Company does not have billing arrangement availability. To activate Station-to-Station Operator Services, the caller's dialing sequence could be: 0+ a 10 digit telephone number, or 00 (only), or any other Company-provided access method, to get an operator directly to request that a Station-to-Station call be placed.
- b. Person-to-Person - refers to when an end user requests operator assistance in reaching a specific person, department, extension, office, etc. The operator dials the number and stays on the line until the requested party is reached and conversation begins. The call may be billed as Sent Paid (calling party pays for the call), Sent Collect (called party pays for the call), or may be billed to a Third Number or Calling Card. Sent Collect and Third Number Billed calls may not be allowed in locations where the Company does not have billing arrangement availability. To activate Person-to-Person Operator Services, the caller's dialing sequence could be: 0+ a 10 digit telephone number, or 00 (only), or any other Company-provided access method, to get an operator directly to request that a Person-to-Person call be placed.

4.9 Excel Operator Services - (Continued)

MO. PUBLIC SERVICE COMMISSION (N/C)

4.9.1 Operator Assistance Service Charges and Surcharge Descriptions: (Continued)

- c. Busy Line Verification - refers to those instances where the Company will provide operator assistance to determine if there is conversation ongoing on a called station. A Service Charge is applied to all attempts to verify the condition of a customer line, busy talking, busy not talking (e.g., off hook), except attempts which are unsuccessful due to network equipment failure.
- d. Busy Line Interruption - refers to those instances where the Company operator will interrupt an ongoing conversation on a called station. A charge will apply each time the Company operator attempts the emergency interruption whether or not the interruption is successful. A Busy Line Verification must be made and its service charge applied before an Emergency Interruption can be attempted. Once an operator has verified the line, and the called party has agreed to accept the interruption, the Customer is provided the option of completing an operator assisted call to the called station without hanging up or originating a separate call. Customers may accept or refuse the operator's offer to complete the call. Calls completed with the operator's assistance will be charged an additional Service Charge under Station-to-Station or Person-to-Person, as applicable. If the operator dials or completes the call to the verified telephone number for the Customer, the Operator Dialed Surcharge will also apply.
- e. Operator Dialed Surcharge - will apply to Station-to-Station and Person-to-Person calls when the Customer has the ability to dial all the digits necessary for call completion but dials instead "0", "00" or another Company-provided access code or other Company-authorized access method to reach a Company operator to have the operator place the call. This surcharge will be incurred by the Customer in addition to the applicable Service Charge. However, the surcharge will not apply to: (1) calls which cannot be completed by the Customer due to equipment failure or trouble on the Company's network; (2) calls placed by parties identified as handicapped and who cannot complete the calls due to the handicap; and (3) calls made on a 0- basis in which a company operator places a call for a calling party after a Busy Line Verification and Busy Line Interruption process has been successfully completed.

4.11 National Directory Assistance Service

MO. PUBLIC SERVICE (N/C)

National Directory Assistance Service, as offered by the Company, allows Customers to request information from Directory Assistance records. Directory Assistance charges apply to all requests. Customers are charged when they obtain the requested information or when the information is unlisted, non-published, or no record can be found. In addition to the Directory Assistance charge, Customers may be charged an appropriate Operator Service Charges and Surcharges as specified elsewhere in this tariff. Charges for Directory Assistance may be billed as Sent Paid, Third Number Billed or billed to a Calling Card. Person-to-Person or Collect Calls for Directory Assistance are not permitted. A separate Operator Assistance Service Charge applies as set forth elsewhere in this tariff to Directory Assistance calls when these calls are made with the assistance of a Company operator or billed to a Calling Card.

Operator Assisted/Directory Assistance Call Completion refers to National Directory Assistance calls wherein the Company operator completes the call to the caller's final desired destination number.

Customers may access this service by dialing the area code (NPA) for the telephone number desired plus 555-1212, or by using a Company-provided access code, or other Company-authorized access method. Up to two requests for listings within the area code dialed may be made on each call to Directory Assistance.

Directory Assistance calls will not be included in the calculation of usage discounts. A credit allowance for Directory Assistance will be provided if subscriber: experiences poor transmission quality; is cut off; receives an incorrect telephone number; or misdials the intended Directory Assistance number.

4.12 Prepaid Calling Card Service

SEP 29 1997

M

The Prepaid Calling Card Service enables callers to place calls using Excel's service on a prepaid basis. Customers subscribe to the service by purchasing a prepaid card from an authorized Excel representative. Access to the service is available seven (7) days per week, twenty four (24) hours per day. Charges for telephone calls will be deducted from the Customer's prepaid account balance. Prepaid calling cards will be valid until the Customer's prepaid balance is depleted. Customers access the Company's service using a 1-800 access code arrangement. A voice prompt will instruct the caller to dial the called telephone number and authorization code displayed on the card.

MO. PUBLIC SERVICE COMMISSION

T

Prepaid Calling Card Service is provided to the holder of the card and is available in all locations throughout the State, subject to technical limitations. Customers must maintain a sufficient balance to cover the cost of the call in process. Failure of the card holder to maintain a positive balance may result in the disconnection of a call in process; an announcement will advise the caller one minute prior to the disconnection of the call. Under some arrangements, callers may utilize a commercial credit card to increase a prepaid balance or renew the prepaid card.

Rates and charges vary depending upon the arrangement selected by the Customer. Call duration will be measured in whole minute increments, unless otherwise specified. Credit for interruptions are limited to one minute; no other refunds, credit, or other remittances shall be permitted. All applicable state and federal taxes and fees, including, but not limited to, sales tax, gross receipts tax, municipal tax, and other similar assessments are the responsibility of the card holder. Such charges may be deducted from the Customer's prepaid calling card balance. Prepaid calling cards are provided at the unit prices and fees set forth herein. Under some arrangements, a separate fee or unit value may also be imposed by the distributor of the card.

4.16 Excel Prepaid Calling Card Service Offering II

The Excel Prepaid Calling Card Service Offering II will allow a customer to pay a fixed dollar amount in advance for long distance calling. The customer will use the toll free number on the card for access from touch-tone telephones within the United States. For call completion, the customer will follow recorded prompts.

A flat per minute rate will be charged; there are no off-peak rates. The per-minute cost of a call will be deducted on a real-time basis as the card is used until the full amount of the card is exhausted. The customer will be notified in advance of the exhaustion of the card. The rates for this Excel Prepaid Calling Card Service are set forth below. The rates paid by the customer will be those rates indicated on the packaging at the time of purchase of the card. An expiration date will be printed on the card. The following types of calls may not be completed with the Excel Prepaid Calling Card Service:

- Calls to 500, 700, 900 and toll free numbers;
- Calls to Directory Assistance;
- Operator assistance calls; and
- Calls requiring time and/or charges.

A Customer's call will be interrupted with an announcement when the balance is about to be depleted. Such announcement will occur one minute before the balance will be depleted, based on the terminating location of the call. Calls in progress will be terminated by the Company if the balance on the Excel Prepaid Calling Card is insufficient to continue the call.

This Excel Prepaid Calling Card Service offering will be available in various denominations of units, minutes or dollars; sales or excise taxes are due at the point of purchase. Rates apply twenty-four hours per day, seven days per week. Cards are not rechargeable. The following Per Minute Rate applies for calls placed from locations between and among domestic points within the United States. All calls are rounded to the next higher full minute.

The per minute usage rate for this prepaid card is: \$.2500 per minute.

An additional charge for calls placed from pay phones may also apply. The charge is \$.2500 and applies on a per call basis.

4.19 Excel Prime Business Select 3 Service

REC'D DEC 23 1999^N

4.19.1 **Excel Prime Business Select 3 Service** is a combined inbound, outbound and calling card service offered to business Customers. Customers are billed at per minute rates based on Combined Monthly Usage volumes, and discounted rates are applied based upon the Customer's billed monthly usage. Combined Monthly Usage is defined as the Customer's billed usage for a monthly billing period for the combined total of interstate, intrastate, international and service calling card usage for a month's billing period. Directory Assistance charges, monthly recurring charges, service fees, surcharges and taxes are not included in the determination of the Customer's Combined Monthly Usage.

Customers to this service offering commit to Combined Monthly Usage of \$100.00, hereinafter referred to as the \$100.00 Monthly Minimum Commitment. In the event Customer does not meet the \$100.00 Monthly Minimum Commitment during any monthly invoice period, the Customer will be responsible for paying a deficiency charge for that invoice period. The Customer's deficiency charge will be the difference between the Customer's \$100.00 Monthly Minimum Commitment and the Customer's actual Combined Monthly Usage.

This service is offered on a month-to-month basis.

Service Commission

4.23.1 Excel offers the rates specified below for its Three-Penny Plan to Customers who have selected Excel as their Primary Interexchange Carrier by completing and returning an enrollment form provided by Excel, or by calling an Excel designated 800/8XX number. Customers will pay a monthly recurring charge as described in the Customer's designated interstate rate plan. The monthly recurring charge applies whether or not the Customer makes any calls. The duration of a call, which involves a fractional part of a minute, will be rounded up to the next higher full minute. For billing purposes, each month is considered to have 30 days. (T)

The Customer upon written or verbal notice to Excel may discontinue enrollment in this plan. In addition, Excel will discontinue a Customer's subscription to the plan when Excel is notified that the Customer has changed their primary interexchange carrier to a carrier other than Excel after the Customer subscribed to this plan. Discontinuance will be effective as of the date the Customer changed their primary interexchange carrier. Usage from 900 Services, 800/8XX Service Plans, calls to Directory Assistance, Calling Card Calls, and Operator Handled calls are excluded from this plan.

4.27 Excel eCard Service

N

4.27.1 The Excel eCard Service will allow customers to pay a fixed prepaid dollar amount in advance for long distance calling. Customers may purchase Excel eCards via the internet. There will be an electronic order form available for the customer to complete with pertinent customer and payment information. Orders will be processed upon credit card validation. An electronic text message will be sent to the customer confirming the order. The customer will be instructed to print the virtual card information containing dialing instructions along with the access number and PIN. The customer will use the toll free number on the card for access from touch-tone telephones within the State of Missouri. Access to the service is available seven (7) days per week, twenty-four (24) hours per day.

A flat per minute rate will be charged; there are no off-peak rates. The per-minute cost of a call will be deducted on a real-time basis as the card is used until the full amount of the card is exhausted. The customer will be notified in advance of the exhaustion of the card. The rates for this Excel eCard Service are set forth below. An expiration date will be printed when the virtual card is displayed to the customer. The following types of calls may not be completed with the Excel eCard Service:

Calls to 500, 700, 900 and toll free numbers;
Operator Assistance calls; and
Calls requiring time and/or charges.

A Customer's call will be interrupted with an announcement one minute prior to balance depletion. Calls in progress will be terminated by the Company if the balance on the Excel eCard is insufficient to continue the call.

This Excel eCard Service offering will be available in various denominations. Rates and charges vary depending upon the arrangement selected by the Customer. Call duration will be measured in whole minute increments, unless otherwise specified. Cards are not rechargeable. All applicable state and federal taxes and fees, including, but not limited to, sales tax, gross receipts tax, municipal tax, and other similar assessments are the responsibility of the card holder.

4.31.1 OPTION C SERVICE - (Excel's Nickel Nation): is a combined outbound, inbound and calling card multipoint service designated for residential and small business Customers. The service has a flat per minute rate structure for all time-of-day rate periods. Each direct-dialed call has an initial minimum of 5 minutes in duration and will be rated according to the Initial Per Call Minimum Charge listed below. Any call in excess of 5 minutes will be charged the corresponding Each Additional Per Minute Charge listed below. Direct-dialed calls will have an initial minimum of three hundred (300) seconds or five (5) minutes and any time beyond that minimum will be billed in addition using sixty (60) second increments. If the computed call charge includes a fraction of a cent, the fraction is rounded up to the next whole cent.

T/N

T/N

T/N

When the billing date does not coincide with the date that this plan is started, changed, or discontinued, the Monthly Recurring Charge will be adjusted to reflect the fractional part of the month service is provided. For billing purposes, each month is considered to have 30 days.

N

N

The Customer upon written or verbal notice to Excel may discontinue enrollment in this plan. In addition, Excel will discontinue a Customer's subscription to the plan when Excel is notified by the Customer's Local Telephone Company or by the Customer that they no longer subscribe to Excel as their presubscribed interexchange long distance company.

T/N

T/N

Customer's subscribing to Excel's Nickel Nation service offering will receive a monthly invoice directly from the Company. Customers who select Excel's Nickel Nation Service offering and at a date in the future switches to another Excel long distance service offering will remain direct billed by the Company for all long distance charges associated with the newly selected service offering. In addition, Customers may designate a maximum of 5 telephone numbers per account. 4.32 Simply 500 Service

(N)

EXCEL's Simply 500 Service (non-operator assisted, direct dial) is intended for residential Customers for calling within the State of Missouri. Customers of Simply 500 Service will be able to utilize one-plus (1+) long distance service and personal toll-free service. Only those Customers who select EXCEL as their primary interexchange carrier will be eligible to utilize any or all of the long distance telecommunications services associated with the Simply 500 Service. Billing for the Simply 500 Service will be rendered directly by EXCEL. Customers may only subscribe to one (1) instance of the Simply 500 Service per telephone number (i.e., multiple packages may not be purchased for a single telephone number).

4.32.1 Simply 500 Service - Intrastate Usage Rates

Customers of EXCEL's Simply 500 Service will be billed the following monthly recurring charge regardless of whether any calls are placed on the Company's service:

Monthly Recurring Charge - \$19.95

The monthly recurring charge will apply for each month, or partial month. When a Customer cancels service or when service is discontinued by the Company during a billing cycle, new charges will not be assessed for billing periods subsequent to the discontinuance of service.

4.32.2 Simply 500 Long Distance Service

Customers access Simply 500 Long Distance Service by dialing 1 + (area code when necessary) + NXX-XXXX. Calls are routed over Carrier's transmission and switching facilities to any valid NPA-NXX.

Simply 500 Long Distance Service provides Customers with 500 minutes of long distance usage during each billing cycle. The included long distance usage applies to intrastate and interstate calls as well as international calls to Canada, and usage is depleted according to the billing increments and per-call minimums set forth below. The included long distance usage does not accumulate on a month-to-month basis, and no credit will be given to Customers who do not use the included minutes. Any additional long distance usage beyond the included minutes will be billed according to the rates set forth below. Calls are rated based on call duration.

4.32.3 Simply 500 Long Distance Service - Intrastate Usage Rates

The following per minute usage rate applies to any usage that exceeds the included minutes as described above. Rates apply regardless of mileage and/or time of day:

Day/Evening/Night/Weekend - \$.1000

A sixty (60) second minimum will apply to each completed call, and thereafter, Customers will be billed in sixty (60) second increments.

4.32.4 Simply 500 Personal Toll-free Service

Simply 500 Personal Toll-free Service allows Customers to make calls from any non-rotary dialed telephone within Missouri to other locations by dialing 1 + 800 + NXX-XXXX, receiving a prompting tone, then dialing a personal identification number (PIN) assigned by EXCEL. The calls are then routed to a single destination (terminating telephone number) which is pre-programmed by EXCEL and designated by the Customer. The Customer's usage on the Simply 500 Personal Toll-free Service does not deplete the included long distance usage described above.

4.32.5 Simply 500 Personal Toll-free Service - Intrastate Usage Rates

Customers utilizing Simply 500 Personal Toll-free Service will be billed at the following intrastate usage rates:

Day/Evening/Night/Weekend - \$.1500

A sixty (60) second minimum will apply to each completed call and, thereafter, Customers will be billed in sixty (60) second increments.

7. EXCEL THREE-CENT PLAN PROMOTION

Beginning October 15, 1999 and ending April 15, 2000, Excel will provide the promotional rates specified below for its Three-Cent Plan to Customers who have selected Excel as their Primary Interexchange Carrier. Customers must enroll in this offer no later than April 15, 2000 or by completing and returning an enrollment form provided by Excel, or by calling an Excel designated 800/8XX number.

Excel domestic intrastate dial station calls are eligible for the plan rates specified below. The duration of a call, which involves a fractional part of a minute, will be rounded up to the next higher full minute. The monthly recurring charge set forth below applies whether or not the Customer makes any calls. When the billing date does not coincide with the date that this plan is started, changed, or discontinued, the monthly recurring charge will be adjusted to reflect the fractional part of the month service is provided. For billing purposes, each month is considered to have 30 days.

The Customer upon written or verbal notice to Excel may discontinue enrollment in this plan. In addition, Excel will discontinue a Customer's subscription to the plan when Excel is notified that the Customer has changed their primary interexchange carrier to a carrier other than Excel after the Customer subscribed to this plan. Discontinuance will be effective as of the date the Customer changed their primary interexchange carrier. Usage from 900 Services, 800/8XX Service Plans, calls to Directory Assistance, Calling Card Calls, and Operator Handled calls are excluded from this plan.

Service Commission (N)

Excel's Prepaid Long Distance Services provide an outbound voice grade communications service for Customers who subscribe to certain Prepaid Local Exchange Services as described in Section 3.7 of Excel's P.S.C. MO No. 4 - Local Exchange Services Tariff on file with the Commission. Prepaid Long Distance Services provide a predetermined amount of toll usage during each of the Customer's regular billing cycles. Prepaid Long Distance Service calls must be originated from the same telephone number associated with the Customer's Prepaid Local Exchange Service account. Customers may use a non-rotary dialed telephone to place 1+ toll calls to any other domestic location by dialing a toll-free 800 number and following the interactive voice prompts to dial the destination number of the intended party.

Customers will be provided an allotment of long distance minutes which can be utilized in each billing period. At the beginning of each billing period, the Customer's account will be updated to include a new allotment of long distance minutes, provided that the Customer's account is in good standing. The balance of minutes will be reduced and depleted based upon customer usage and will be reduced in one-minute increments. At the beginning of each call, an interactive voice prompt will advise the Customer of the available balance of minutes. A Customer's call will be interrupted with an announcement before the available balance is depleted. Calls in progress will be terminated by the Company when the available balance of the allotted long distance minutes is expended. Additional minutes may not be added to a Customer's account until the next billing period. Unused minutes will not be carried into subsequent monthly billing periods.

Customers may not use this service to place calls to international locations or pay-per-call services. Directory Assistance calls may be placed using Prepaid Long Distance Services, and each Directory Assistance call will reduce the available monthly allotment by ten (10) minutes.

Customers will not be billed separately for Prepaid Long Distance Services. Instead, these services are included in the bundled package price for the Customer's Prepaid Local Exchange Services.

6.2 Prepaid Long Distance Services

Service Commission

Excel's Prepaid Long Distance Services provide an outbound voice grade communications service for Customers who subscribe to certain Prepaid Local Exchange Services as described in Section 3.7 of Excel's P.S.C. MO No. 4 - Local Exchange Services Tariff on file with the Commission. Prepaid Long Distance Services provide a predetermined amount of toll usage during each of the Customer's regular billing cycles. Prepaid Long Distance Service calls must be originated from the same telephone number associated with the Customer's Prepaid Local Exchange Service account. Customers may use a non-rotary dialed telephone to place 1+ toll calls to any other domestic location by dialing a toll-free 800 number and following the interactive voice prompts to dial the destination number of the intended party.

Customers will be provided an allotment of long distance minutes which can be utilized in each billing period. At the beginning of each billing period, the Customer's account will be updated to include a new allotment of long distance minutes, provided that the Customer's account is in good standing. The balance of minutes will be reduced and depleted based upon customer usage and will be reduced in one-minute increments. At the beginning of each call, an interactive voice prompt will advise the Customer of the available balance of minutes. A Customer's call will be interrupted with an announcement before the available balance is depleted. Calls in progress will be terminated by the Company when the available balance of the allotted long distance minutes is expended. Additional minutes may not be added to a Customer's account until the next billing period. Unused minutes will not be carried into subsequent monthly billing periods.

Customers may not use this service to place calls to international locations or pay-per-call services. Directory Assistance calls may be placed using Prepaid Long Distance Services, and each Directory Assistance call will reduce the available monthly allotment by ten (10) minutes.

Customers will not be billed separately for Prepaid Long Distance Services. Instead, these services are included in the bundled package price for the Customer's Prepaid Local Exchange Services.
