

REQ: Please describe the load of other current White River members in the immediate vicinity of the property located at the southwest corner of the intersection of US Highway 65 and State Highway F near Ozark, MO

Resp: White River Valley Electric Cooperative has approximately 100 members adjacent to this parcel and shown on this graphic. The membership in this location is primarily single-phase residential but there exists at least one three-phase commercial. Our facilities adequately supply the electrical demand in this area with additional capacity available for new load. The area is served from our Selmore substation approximately 2 miles south of this parcel.
