On July 1, 2013, KCP&L Greater Missouri Operations Company (KCP&L GMO) filed an application, supported by direct testimony and schedules, containing the company's ninth fuel adjustment clause true-up. The true-up corrected an under-collection of \$314,403 from customers in the MPS rate district and of \$357,643 from customers in the L&P rate district.

The Commission's rule regarding fuel adjustment clauses requires the Commission's Staff to examine and analyze the information submitted by the company and to submit a recommendation within 30 days.¹ Staff filed its recommendation on July 30, 2013. Based on its analysis of information filed by KCP&L GMO, Staff recommends that the Commission approve the company's true-up filing. Staff further explains that the under-collected amounts are included in the company's calculation of its proposed current period Cost Adjustment Factors in its semi-annual adjustment filing in File No. ER-2014-0002.
