

EC-2024-0372

So, Commission , Ameren, Tueth Keeney. What do you want to talk about?

I look forward to those daily kilowatt logs being handed over without needed the compliance of the subpoena and using good old Missouri Statues as instructed in here.

I also like how Tueth Keeney lied and stated Ameren didn't produce counterfeit documents, when it says right here.

I also lost interest in listing to Tueth Keeney because of the hideous name.

Get me my records and Ameren altered documents today 5 pm . Final demand notice.

Sincerely,
The Final Boss
