

EC-2024-0372

To whom this may concern. Attached with this affidavit is a copy of the counterfeit document (MOPSC0027) that Ameren Missouri submitted and produced, and a copy of the agreement with watermark preservation, so Ameren Missouri cannot defraud, manipulate, or alter it.

I am also in possession of the original document, however, Ameren Missouri cannot be trusted with the master copy, as they have already admitted to altering Ameren documents.

I am respectfully asking that the Honorable Nancy Dippell take over this matter, as clearly I didn't get a fair hearing in the first matter and I believe I will only get a fair hearing with the Honorable Nancy Dippell.

In addition, Ameren Missouri can request a copy in writing by mailing to the following address.

Hypercore Mobile & Network Consultants LLC  
691 Trade Center Blvd  
Suite RRR  
Chesterfield, Missouri 63005

Ameren can inspect the master document or payment agreement in front of Hypercore Mobile & Network Consultant LLC's Corporate Counsel.

In addition, Hypercore Mobile & Network Consultants LLC, reserves and owns the rights to the document and is strictly confidential between Hypercore Mobile & Network Consultants LLC and any party willing to agree to a NDA.

In addition, Hypercore Mobile & Network Consultants LLC, Brett Felber, Lisa Lambert, reserve the right to utilize the master agreement and tender it as legal evidence in any commencement of action against Ameren Missouri and its affiliates, co-counsel and legal counsel.

I respectfully ask for the Judgment in EC-2023-0395 to be ruled void on the grounds of Ameren Missouri's counterfeit forged payment agreement that the list of facts are labeled in the affidavit.

Brett Felber & Lisa Lambert
