

EC-2024-0372

So Ameren, Commission, Staff, Tueth Keeney, what do you want to talk about?

The only thing that the Commission should be in discussions about today is finding a way to express pay me the \$ [REDACTED] that Ameren extorted out of me. That doesn't include the other damages.

The Staff and Ameren Missouri , along with Tueth Keeney should find a way to express apologize to me and personally admit to altering, forging, manipulating, filing a counterfeit document.

As an FYI, I don't need a subpoena for the truth, because I already know the truth. Follow the trail of those servers and that will lead you all the way of the massive amount of fraud.

Unfortunately, the party that has been lying to Ameren is the party of the Respondent named Ameren and Staff of the Commission.

Oh and you can bet I have the audio tapes of the conversations where prior counsel openly admitted to several sources that I had in fact had the correct and true payment agreement.

Oh and any deposition is going to take place at Hypercore Mobile & Network Consultants LLC's headquarters or in front of the St.Louis County Prosecuting Attorney's Office, so that way when the depositions are done, I can file immediate complaints against the parties that took part in Ameren Missouri's counterfeit operations and fraud, deceptive , theft by deception acts.

Oh and the State and Federal Government told me to give the Commission, Staff, Honorable Judge Clark, Ameren, their counsel and co-counsel a message.

"You've been caught in your lies. Quit breaking the law you con-artists."

Just remember Felber, Lambert, Hypercore Mobile & Network Consultants LLC vs Ameren, The Missouri Public Service Commission , Tueth Keeney, Staff, Banks Law LLC, Aubrey Krcmar is coming real soon to your State and Federal Courts.

Each time Ameren claims “harassment” to the facts of the exhibits a new exhibit of proof is going to be filed. Next up is the audio tapes.

So Ameren Missouri, what do you really want to talk about?

Sincerely,
The Final Boss
Brett Felber

Let me know if Staff needs help deciphering anymore incredible or absolute ***** from Ameren Missouri.

(you can use your imagination for the asterisks)

Now Ameren can continue along with their but, but, but , but Commission, please help us because we lied about the payment agreement.
