Notice of Virtual Public Hearing

Liberty Utilities (Midstates Natural Gas) Corp. d/b/a Liberty ("Liberty Midstates") has filed a rate increase request with the Missouri Public Service Commission ("PSC"). The requested increase would total approximately \$11.2 million for an approximate increase of 32.57% in the territory served as Liberty Midstates. However, the Public Service Commission may also exceed the utility's requested increase or limit it.

The proposed base rates increase monthly bills for a residential customer using 54 CCF per month by: \$15.00 or 20.60% in NEMO; \$15.00 or 16.60% in WEMO; and \$15.87 or 28.00% in SEMO. 54 CCF represents the combined average of monthly usage for residential customers in the NEMO, WEMO, and SEMO service areas. Please note that this increase is for the average residential customer and individual bills may be higher or lower than the increase summarized here.
