Necessity Authorizing it to Construct a Simple Cycle	)	
Natural Gas Generation Facility.	)	

# NOTICE OF ERRATA TO THE REBUTTAL TESTIMONY OF EMILY PIONTEK

**COMES NOW**, Renew Missouri Advocates d/b/a Renew Missouri ("Renew Missouri") and for its *Notice of Errata to the Rebuttal Testimony of Emily Piontek* ("Errata") states as follows:

- 1. On September 13, 2024, Renew Missouri submitted the Rebuttal Testimony of Emily Piontek in the above-captioned proceeding ("Piontek Rebuttal").
- 2. In discussions with its outside expert consultants following filing, Renew Missouri discovered that certain figures referenced in the Piontek Rebuttal were calculated based on a highly confidential figure, and that the highly confidential figure could be derived from the figures provided.
  - 3. Accordingly, Renew Missouri has taken the following corrective actions:
    - a. Contacted counsel for Ameren Missouri;
    - Contacted the Data Center and requested that the file be removed pending refiling; and
    - c. Seeks to strike page 29, lines 12-16, beginning with the sentence "Putting these numbers into the context..." as well as Footnote 88 associated with these lines.
- 4. Exhibit EP-1 to the Piontek Rebuttal is not impacted by these corrections and remains publicly available in EFIS.

- 5. Attached hereto is a clean copy of the updated Piontek Rebuttal with the correction detailed above. Renew Missouri has attached the entirety of the corrected Piontek Rebuttal so that it may be reflected publicly in EFIS.
- 6. Renew Missouri does not believe that submitting this correction will prejudice any party's ability to address the underlying testimony at hearing.

WHEREFORE, Renew Missouri submits this Errata to the Missouri Public Service Commission.

Respectfully submitted,

## /s/ Alissa Greenwald
