ORDER GRANTING INTERVENTION

Issue Date: September 24, 2019

Effective Date: September 24, 2019

On September 3, 2019,¹ United Electric Company d/b/a Ameren Missouri filed its Application for Permission and Approval and a Certificate of Convenience and Necessity (“CCN”) authorizing it to construct solar generation facilities. On September 13, the Missouri Division of Energy filed an *Application to Intervene*. No party as objected to the application and the Commission will take it unopposed.

Commission Rule 4 CSR 4240.2.075(3) allows the Commission to grant intervention if the proposed intervenor has an interest different from that of the general public, which may be adversely affected by a final order arising from the case; or if granting intervention would serve the public interest. Upon review of the unopposed application, the Commission finds the applicant meets the standard in Commission Rule 4 CSR 4240-2.075(3). Therefore, the Commission will grant the application.
